

REPORT ON IMPLEMENTATION OF SUPPLY CHAIN MANAGEMENT (SCM) POLICY

QUARTER (January – March 2018)

2017-18 FINANCIAL YEAR

1. INTRODUCTION AND LEGAL BACKGROUND

The Municipality aims to ensure that it complies with MFMA section 111 when it implements its Supply Chain Management. Further to that the Municipality also complies with paragraph 6(3) of the Municipal Supply Chain Management Regulations, wherein council must maintain an oversight role over the implementation of the municipal Supply Chain Management policy,

The Accounting Officer as required by the Act submits to the Mayor within 10 working days a report on the implementation of the policy.

When procuring goods and services the process must be fair; equitable, transparent; competitive and cost effective.

Supply chain management (SCM) is an integral part of financial management. This function integrates the planning, procurement and provisioning processes, seeks to introduce international best practices, whilst at the same time addressing Government's preferential procurement policy objectives. Four phases are distinguished in the SCM processes, namely:

- Demand management
- Acquisition management :
- Logistics management
- Disposal management

1.1 Progress and compliance

The Supply Chain Management Unit (SCM) is not fully established however it is functional with the limited resources wherein there is a SCM Manager (Senior SCM Practitioner), Senior SCM Officer and Demand Officer and Logistics Officer. It operates under direct supervision of the Deputy Chief Finance Officer (DCFO).

There is very limited segregation of duties since the municipality does not have acquisition Officer as a result of Ms. Madlanga operating on both Demand and acquisition Management.

SCM Manager (Senior SCM Practitioner) is responsible for the day to day management of the unit. Turn-around time on award of quotations and tenders has improved significantly.

SMME's training has been undertaken to improve capacity and quality of goods and services supplied to ULM. Bid committees are fully functional and discharging their duties effectively.

2. Compliance and reporting

Re-registration of Suppliers on the database: No advert has been made due to the new resolution by National Treasury that all suppliers must register with Central Supplier Database (CSD) in order to do business with ULM in the 2017/18. The municipality is verifying all suppliers that do business with the municipality on line on CSD.

2.1 Maintenance of Contract Register

- **Contract register is maintained and updated on monthly basis.**

2.2 Schedule of awarded tender

- Schedule of awarded tenders is maintained,
- Monthly procured goods and services in the 30 000 – 200 000 threshold
- Schedule of awarded tenders is submitted to Management Committee on a monthly basis

Summary of awards for the quarter

Threshold	Rand value of the awards
0 – R2000	R220 246.82
R2001 – R30 000	R3 194 762.71
R30 001 – R200 000	R5 150 104.40

2.3. Deviation

An assessment is conducted by SCM unit before a deviation is authorized by the Accounting Officer to ensure that it meets the requirements to deviate. On a monthly basis a report is submitted to the Management Committee in terms of SCM policy and Noted by Council as per SCM Regulations.

Summary of deviations per regulation 36 for the quarter

Reasons for the deviation	Quantity	Rand value of the awards
In an emergency	Nil	Nil
Single provider	Nil	Nil
Special works of art or historical objects	Nil	Nil
Acquisition of animals for zoos	Nil	Nil
Impractical and impossible to follow process	04	R1 412 020.00

2.4 Regulation 32 awards for the quarter

Regulation 32	Quantity	Rand value of the awards
