3. ANNEXURES	

1.1 MAYORS FOREWORD

It is an honour for me to present the Annual Report 2010/2011. During this financial year the Municipality focused on its community members and making their needs and well-being the key priority.

The municipality has invested time in developing its councillors so that they in turn can be of service to their people. This was achieved by means of a skills development programme facilitated by the Leadership Development Institute as well as an MFMA course to better educate the councillors on relevant legislature, to name but a few.

The compilation of the IDP to high standards is also an area to take note of. The IDP sets out the municipality's performance against priorities set and adopted in conjunction with the community and from which stems the SDBIP. During the financial year under review the IDP review was undertaken timeously and without any challenges.

Another area of focus has been the commitment of ward councillors and committee members to their duties and responsibilities. Council meetings were sat to perfect attendance by 90% of the councillors, an area which must be highlighted and acknowledged.

Public participation and consultation also took place in the form of youth development as well as the capacitation of people with disabilities. The municipality has high hopes for the youth and hopes that youth participation continues to grow in the coming years.

All in all it is with great pride that I represent the people of Umzimvubu Municipality as Mayor and would like to congratulate all on yet another successful financial year.

A handwritten signature in black ink that reads "P.B. Mabengu". The signature is written in a cursive style and is enclosed within a thin, hand-drawn oval border.

P.B. Mabengu
Honourable Mayor

1.2 THE YEARLY PROGRAMME PRIORITIES STATEMENT BY THE MUNICIPAL MANAGER

The 2010/11 financial year Annual Report has been compiled in accordance with the Local Government Municipal Systems Act, 32 of 2000, the Local Government Municipal Finance Management Act 56 of 2003, as well as National Treasury Circular No. 11. The report addresses the performance of Umzimvubu Municipality for the year ended 30 June 2011 and conforms to the relevant statutory requirements. This report records the progress made by the municipality in fulfilling its objectives as reflected in the Integrated Development Plan (IDP), the Budget and Service Delivery and Budget Implementation Plan.

The year 2010/2011 was a busy one for Umzimvubu in Municipality. It was a year where many challenges facing the municipality were tackled head on. After an extensive and intensive public participation process where all communities that form part of the Umzimvubu Municipal Area were consulted and allowed to take part in reviewing Integrated Development Plan. This 2010/2011 IDP was adopted within an acceptable time. Notwithstanding, the process itself exposed to us the shortcomings we had in terms of communication. It soon became clear that there was a need for us to improve our communication strategy. This then necessitated that a charge be put to our Communication strategy to address the shortcoming we had with regard to communication. The Institution responded well and produced the framework we needed to enhance our communication efforts. This framework would then help us to reach more people than we had before.

In the year under review the development of parks and beautification projects continued to be rolled out at unprecedented scale.. In addition to abovementioned, after a long delay, the project of library at Mount frère and Mount Ayliff was given a new life by appointing a consulting firm. This appointment was intended to fast track the project. By the end of the year 2010/11 all obstacles towards the construction of the mentioned structures were removed and the project is currently on track to be delivered to the community by the end of 2012. When it comes to sports and recreation, this municipality has worked hard to position itself well to be considered by a leading football nation as the municipality to benefit from FIFA legacy football field for poor communities.

On the Human Resource Development front, a remarkable improvement on transformation was made with the institution. But there is still a long way to go to redress the Imbalances on demographics; the challenge that still dogs us is to attract qualified technicians especially from the previously disadvantaged communities. In repose to this the Umzimvubu Municipality has been able to provide bursaries to 5 students who enrolled the required scarce skills.

Umzimvubu Municipality is proceeding with improving its internal processes and systems on a number of fronts, such as contract administration, performance management, asset management, maintenance programmes, development of municipal by-laws and improving our internal communication and co-ordination to respond to the issues that confront us daily. While we are satisfied with our progress over the past year and are clear about our priorities as articulated in the Integrated Development Plan and MTAS, there is much to do in the year ahead. We are committed to improving the way we work continually in order to deliver quality services to the communities of Umzimvubu. We must therefore continue to strive towards service excellence in meeting and exceeding the needs and aspirations of our community

The year 2010/2011 was a memorable one with its vigorous political events. Some of those events hopefully will never have to recur again. In conclusion I want to single out and thank our Mayor, Councillor B P Mabhengu for her guidance and support to our staff. I want also to show gratitude to the Executive Committee for their commitment to Umzimvubu Municipality.

I would like also to welcome the new council lead by her worship Cllr. S. K. Phangwa, we hope that they will take the municipality to the greater heights with the new vision.

To my senior managers, Assistant Managers and to the rest of the staff members I take off my hat to you and thank you for your selflessness and dedication to your work. The way you have stood your ground to all the adversaries facing you and depressing working conditions at times is highly commendable.

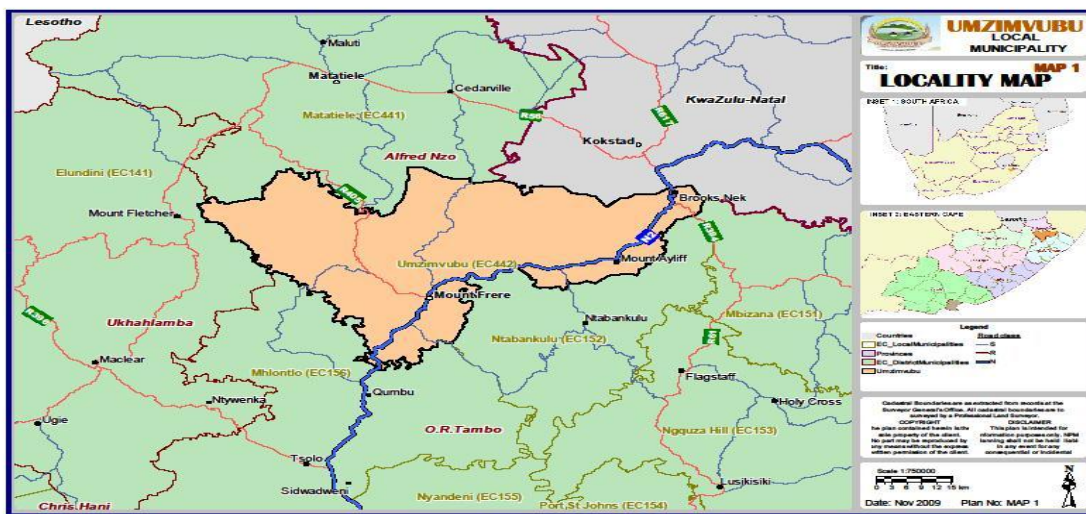

MR. G.P.F. NOTA
MUNICIPAL MANAGER

1.3 OVERVIEW OF THE MUNICIPALITY

Umzimvubu Local Municipality (EC 4420) is one of the local municipalities situated within the Alfred Ndzo District Municipality (DC44) in the Eastern Cape Province. The municipal area has two urban centres being Mount Frere and Mount Ayliff and the area covers an area of 2506 km² in extent. Umzimvubu municipal area comprises of 24 administrative wards with a population totaling to 220 636 and only 10% of this population lives in the urban area.

The municipality is bordered by the Matatiele and Greater Kokstad municipality to the north, Mhlonlto Municipality to the south, Elundini Municipality to the west and Ntabankulu Municipality to the east.

1.4 SOCIO-ECONOMIC PERSPECTIVE

1.4.1 Demographic Information

a) Population Estimates

The municipality has a total population of approximately 220 630 people on an area of 2506 square kilometers. The racial distribution of population in percentages is, Africans are 99.8% and the remaining 0.2% of the population includes the Coloureds, Asians and whites. The average population density of is 88 people per square kilometers which is higher than the district average of 70 people per square kilometers.

The projected population growth for Umzimvubu Local Municipality by the year 2019 is estimated to be 2 526 355 at a population growth rate of 0.828 percent.

The table below reflects the approximate densities between the two urban centers and the rural area of the municipal area. Notably the rural area has the largest population residents.

b) Age and Gender Profile

The municipality comprises of 54% female and 46% male of the total population.

Below is the reflection of the age profile for age groups 0 - 14, 15 - 65 and 65. These categories represent infants and school going age category, school leaving and economically active category and retired category, respectively.

--	--	--

c) Racial Profile

The population of Umzimvubu municipal area is predominantly African constituting 99.8% of the total population. The table below reflects the overall breakdown of racial population in the municipal area.

d) Literacy levels

According to 2007 community survey, the Umzimvubu Municipality is characterized by low literacy levels estimated at 62% of the population without formal education which is relatively lesser than the provincial rate of 72.3%.

e) Employment Status and Occupation

The Umzimvubu Local Municipality is characterized by low levels of employment and a high percentage of people who are not economically active. This in turn accounts for the high poverty levels and low income levels. High unemployment rates impact negatively on municipalities as they are accompanied by low affordability levels which generally result in a poor payment rate for services. Umzimvubu Local Municipality's unemployment rate is estimated to be 78.2% which is higher than the estimated District unemployment level of 76.4%.

The employment status and occupation categories for the study area are reflected in the piecharts below.

The information is derived from the 2007 community survey.

4.1.2 Municipal Infrastructure and Services

a) Roads and Transport

The Umzimvubu municipal area is transverse by the N2 National Road (primary route) which provides strong linkages between the economic centers that are found around the province of the Eastern Cape and that of KwaZulu-Natal. Other major road within the Municipality is the road R405 (secondary route) linking the municipality with Matatiele municipality and the rural villages along the way. There is generally poor road infrastructure in the rural hinterland of the municipality and this impact negatively to availability and access to socio-economic amenities in these areas. The N2 through Mount Frere town centre poses a major challenge of traffic congestion as slow-moving vehicles pass through the CBD.

b) Electricity

Eskom Limited is the provider of electricity to the municipal area. As per Census 2001, the municipality currently has 24% of households that have access and uses electricity for lighting while the balance uses other forms of energy as detailed in the chart below. Clearly the municipality has huge backlogs on provision of electricity to its communities.

c) Water and Sanitation

The Alfred Ndzo District Municipality is the Water Services Authority (WSA) responsible for providing water and sanitation services to the Umzimvubu municipality area. According to the Water Service Development Plan (WSDP) 2007/08, from a total of 47 000 households, 22 000 Households have access to water inline and above RDP standards, 12, 000 household have no water, 6, 000 are provided water but below RDP standard and 7 000 households are not specified.

The WSDP 2007/8 reflects that from a total of 47 000 total household, 19 000 households have flush toilets, VIP or septic tanks and 27 000 households are deemed to be un-served. Below is chart which illustrates access to sanitation in the municipal area.

d) Solid Waste Management

The Umzimvubu municipality is responsible for waste management in its area of jurisdiction working together with ANDM. The municipality collects the household refuse from the two urban areas on a weekly basis. There is no refuse collection service provided to the rural areas. The chart below illustrates that only approximately 5.7 percent of the population is provided with refuse collection by the municipality and the rest provides own service or have no access.

e) Social Amenities

f) Housing typologies

The municipality developed a Housing Sector Plan in 2008 and has been reviewed annually to ensure that it contains the most recent information regarding the housing development in the area. Due to the rural nature of the municipality 70% of the household live in traditional hut/mud structures. These are houses that are built of substandard material. There has also been influx of people into the town centers of Umzimvubu for services and employment opportunities.

According to the adopted Housing Sector Plan the municipality has a backlog of 2000 low income houses required within the urban area and 45 000 rural housing units. The shortage of proper housing in the urban area has resulted in increase of informal settlements. Some of the land that was earmarked for housing is held up with the result of unresolved land claims. The municipality is currently running a large number of rural housing projects to address the shortage of housing and evict the mud structures and also cater for low-income units

The table below indicates the housing typologies that exist within the municipality:

1.4 Human Resource Development

The human resources function serves as a support function to the municipality and its primary objectives include amongst other things the following:

- Management of employees' conditions of service in terms of the relevant collective agreement and policies.
- Design and implement an organizational structure aligned to the municipality's powers and functions and the IDP
- Facilitate training and development of personnel including councilors
- Maintenance of a human resources environment that is conducive to and promotes a culture of stability and harmony
- Implementation of a Job Evaluation system

During the year under review the municipal manager and his six section 57 managers have signed their performance agreements including the Assistant Managers aligned to the SDBIP of the municipality which were subsequently submitted to the institution as prescribed by relevant legislation.

The municipality has a recruitment and selection policy, an approved organizational structure, a policy to prioritize vacancies, a training and development policy in accordance with an approved work skills plan in place to address recruitment and retention of employees.

1.5 Performance Management System

Umzimvubu Local Municipality adopted a Framework and Policy for implementation of a Performance Management System as prescribed by the Municipal Finance Management Act, the Municipal Systems Act 32 of 2000 and other relevant policies. The Performance Management System can be described as a primary mechanism to plan for performance management, monitor, review and improve the implementation of the municipality's IDP's. The implementation of the Performance Management System is aimed at achieving the following objectives:

- Facilitate increased accountability
- Facilitate learning and development
- Provide early warning signals
- Facilitate decision-making

The system is currently being implemented, quarterly performance assessment and reviews are conducted for all contract employees including Section 57 Managers, Assistant Managers and all contract employees. Performance agreements were signed for 2010/2011 financial year and quarterly performance reports were compiled which later translated to the annual performance report for the year.

2.1 DELIVERY OF BASIC SERVICES AND INFRASTRUCTURE

Umzimvubu is currently characterised by acute backlogs in infrastructure and services provision especially electricity, water, sanitation, housing, road infrastructure, as well as Local Economic Development initiatives.

2.1.1 Roads

The provision and maintenance of roads is the shared responsibility between of the Provincial Department of Roads and Transport, the district municipality as well as Umzimvubu local municipality. The total budgeted for roads was R53 314 223.54 million for the financial year under review and total of 86,29 km access roads, 12km surfaced roads and 13 bridges have been constructed.

Umzimvubu municipality is mainly responsible for the maintenance of access roads and budget of R4 000 000.00 million has been allocated for maintenance of 70 Km access roads during 2010/2011.

The main challenges affecting the municipality are the poor condition of roads due to the fact that Umzimvubu is a rural area and there is less focus on road design;

- Heavy rains also contribute of the deterioration of roads
- Poorly designed bridges are also a challenge

As a remedial action, the municipality currently has plans to:

- Develop a storm water / pavement management system;
- Develop a road maintenance plan;
- Construction of new roads;
- Resurfacing of streets.
- Repairs to the N2 within Umzimvubu's area of jurisdiction. (DoT)

Key performance indicator on road maintenance:

	Indicator name	Total number of household/customer expected to benefit	Estimated backlogs (actual numbers)	Target set for the f. year under review (Actual numbers)	Number of HH/customer reached during the FY	Percentage of achievement during the year
1	Percentage of households without access to gravel or graded roads	2250	2250	2250	2098	93.2%
2	Percentage of road infrastructure requiring upgrade	8000	8000	6500	6500	100%
4	Percentage of planned new road infrastructure actually constructed	2250	2250	2250	2098	93.2%
5	Percentage of capital budget reserved for road upgrading and maintenance effectively used.	2250	2250	2250	2098	93%

2.1.2 Electricity

Electricity in the municipal area is currently provided by Eskom. The Municipality is involved in project planning and the provision of free basic electricity.

Only 25% of the population has access to electricity with an estimated 75% in backlogs. The electricity supply is very weak and is mainly single phase for most households. Most households are dependent on alternative sources of energy.

The electricity backlogs of 75% should be addressed through planning for upgrade of existing power station. The Municipality has also prioritised to solicit additional funding to address backlogs and expedite the provision of universal energy in rural areas by 2012.

Project Name	Category	Number of House Holds	Budget	Funder
Machamsholo Hlane Qumrha	Electrification	605h/h	R20m	Department of Energy/Eskom
Mvuzi phase 2(Mhlokwana & Zwelitsha)	Electrification	536h/h		
Qunubeni, Qoqa, Bislan & Zibokwana	Electrification	1006h/h		
Njijini- Buffaloneck & Mjikelweni, Ngwetsheni , Goxe , Makolonini	Electrification	549h/h		
Makaula03&04(Gubhuzi, Thwa, Malongwe, Maphandi,Ntenetyane,Godola, luqolweni,Bhethany,Lonci, Mgodl, Sihlaheni, Sinyaqa, Ngcozana & Mpola)	Electrification	1107h/h		
Infills at Mombeni	Electrification	230h/h		
Marhwaqa	Electrification	100h/h		
Rode	Electrification	107h/h		

During the 2010-2011 financial year, the municipality managed to connect 4250 households as detailed in the table below:

	Indicator name	Total number of household/customer expected to benefit	Estimated backlogs (actual numbers)	Target set for the f. year under review (actual numbers)	Number of HH/customer reached during the FY	Percentage of achievement during the year
1	Percentage of households with access to electricity services	45000	35139	3404	4250	125%
2	Percentage of indigent households with access to basic electricity services	11183	1000	1183	1183	10,58%
4	Percentage of indigent households with access to free alternative energy sources	15 000	10 000	5000	5000	33%

2.1.3 Waste Management

Umzimvubu Municipality is responsible for waste management in their own area of jurisdiction. The municipality collects household refuse from the two urban areas on a weekly basis but provides no services to the rural areas. This results in the households disposing of their own refuse, which could be challenged in terms of the environmental regulations.

At present the municipality collects an estimated 11% of the waste disposal (Communal Dump, Municipality). The remaining 89% is either through dumping by community members or own disposal by business community. The waste disposal site in Mount Frere is currently operating at full capacity and the proposed site in Mount Ayliff is awaiting authorisation from Department of Environmental Affairs.

In an attempt to address the backlogs the municipality should prioritise:

- Identification of new site at Mt. Frere;
- Embark on process to obtain a closure permit for existing site at Mount Frere;
- Finalise and implement a local Integrated Waste Management Plan
- Obtain the license to operate the dumping site in Mt. Ayliff

During the year under review the municipality has engaged itself in lot of activities which included the following; Education and Communication, By- Law Enforcement, Waste Information System, Domestic Waste Collection and Land Fill Site Management.

On waste collection Umzimvubu has plants, equipment, tools, facilities, man power, waste collection crew and operations systems to ensure effective and efficient domestic waste collection service. During this period ULM was able to install 85 waste side bins for temporarily storage of waste and to cap littering. Other activities included the following kerb collection

services, street sweeping, litter picking and workers are operating on their schedules and adhere to waste collection map. Business waste is collected on daily basis and on residential sites waste is collected once a week.

ULM works under a licensed land fill site which was a great achievement during the financial year of review and has appointed a service provider for the supply and installations of WIS that will assist the municipality to capture routine data on tonnages of waste generated, recycled and disposed on monthly and annual basis

There are wide ranges of recycling initiatives that took place during the year under review in relation to waste minimization. To the year end 4 permits have been issued in an attempt to promote sustainable waste minimization programs and to regulate salvaging on land fill sites. Scavenging is only permitted at both sites from 16: 30 daily after operations on site have ceases for the health and safety purposes. Waste by back center has been developed and is in operation indicating that some amounts of money are generated per month. We have entered in services level agreement with 3 cooperatives running the centre so as to be able ascertain the waste stream recycled in terms of waste volumes, type and money generated in the process so as to enable to plan, report and enhance programme.

The table below provides summary on refuse removal:

	Indicator name	Total number of household/customer expected to benefit	Estimated backlogs (actual numbers)	Target set for the f. year under review	Number of HH/customer reached	Percentage of achievement during the year
1	Percentage of households with access to refuse removal services	1955	N/A	1955	1955	100%

2.1.4 Social Amenities

a) Community Halls

There are approximately 24 halls existing in the area. However these halls are not equally shared amongst the 24 administrative boundaries. At least 7 wards do not have halls and some wards have more than one hall. There are multi-purpose halls which the municipality is letting to communities and collects revenue.

b) Sports Fields

Both towns of Mount Frere and Mount Ayliff do have an existing under-developed sport fields that caters for soccer sport code. The municipality is upgrading the existing facilities and the existing facilities cater for school and local community events. There are no proper sports fields in some rural areas.

c) Libraries

The municipal area does not have a library service to support the school going and the wider community. However the Umzimvubu Municipality is currently running the function with the assistance Coega Development Agency to develop a Library in Mount Frere town.

2.1.5 Spatial Development Framework and Land Use Management System

The development of the abovementioned plans has been successfully completed under the auspices of Infrastructure Planning and development and we are currently looking forward to the development of local SDF and the relevant regulations. The framework enshrines the spatial development areas including, Mount Frere Urban Area, Mount Ayliff Urban Area, Rural Settlement Areas as well as identified corridors. Below is a set of plans approved in the urban component of the municipality:

Zoning and Building plans

Applications Outstanding 01 July 2010	Category	Number of new applications received	Total value of applications received in Rand	Applications outstanding 30 June 2011
None	Sub-division	2	None	None
None	Rezoning	1	None	None

2.1.6 Development of Human settlements

As per the adopted Human Settlements Plan, the municipality is currently implementing a number of rural housing projects in its area of jurisdiction and the challenge is the pace at which these projects are implemented and the resolution blockages by various stakeholders.

Key performance indicators in housing and town planning services:

	Indicator name	Total number of household/customer expected to benefit	Estimated backlogs (Actual numbers)	Target set for the f. year under review	Number of HH/customer reached	Percentage of achievement during the year
1	Percentage of households living in informal settlements	37000	37000	2000	700	35%
2	Percentage of informal settlements that have been provided with basic services	37000	37000	2000	700	35%
3	Percentage of households in formal housing that conforms to the minimum building standards for residential houses	8000	0	1041	1041	100%

The table below illustrates the service delivery backlogs:

Backlog	01 July 2010- 30 June 2011		
	Required	Budget	Actual
Roads Backlogs			
Backlogs to be eliminated (No. KM's not providing minimum standard of service)	249.29 km	R53 314 223.54 million	86,29 km access road and 12km surfaced roads & 13 bridges
Backlogs to be eliminated (Percentage – KM's identified as backlogs / total KM's)			
Spending on New infrastructure to eliminate backlogs (Rand '000)			
Spending on renewal of existing infrastructure to eliminate backlogs (Rand '000)	37km		
Total spending to eliminate backlogs (Rand '000)			
Spending on maintenance to ensure no new backlogs created.		4 million	70km
Electricity Backlogs			
Backlogs to be eliminated (No. Households not receiving minimum standards of service)	35 139h/h	R80.68 million	4250h/h plus two Sub Stations as well as 75km bulk line
Backlogs to be eliminated (Percentage – HH identified as backlogs / total HH)	30889		
Spending on new infrastructure to eliminate backlogs (Rand '000)		R60.8m	two Sub Stations as well as 75km bulk line
Spending on renewal of existing infrastructure to eliminate backlogs (Rand '000)			
Total spending to eliminate backlogs (Rand '000)			
Spending on maintenance to ensure no new backlogs created.		R700 000	
Refuse removal Backlogs			
Backlogs to be eliminated (No. Households not receiving minimum standards of service)	1000	1080000.00	1156000.00
Backlogs to be eliminated (Percentage – HH identified as backlogs / total HH)	2.1%		
Spending on new infrastructure to eliminate backlogs (Rand '000)	400 000	2780 000.00	1156000.00
Spending on renewal of existing infrastructure to eliminate backlogs (Rand '000)	482 000	500 000	482 000
Total spending to eliminate backlogs (Rand '000)			1638000.00

3. MUNICIPAL LED FRAMEWORK IMPLEMENTATION

3.1 Brief presentation of LED Strategy and Plan

Umzimvubu has adopted a LED strategy to guide local economic development in the Municipal area. Local economic development and has also been effectively institutionalised and a number of programmes implemented including;

- Support Systems
- SMME Development
- Second Economy
- Decentralisation of Services
- Forward Planning

The Alfred Nzo District Municipality has established the Alfred Nzo Development Agency (ANDA) which is responsible for the implementation of local economic projects in the District in co-operation with the Local municipalities. ANDA is a municipal entity established in terms of the Municipal Systems Act and is accountable to the District Municipality. Thina Sinako, the Provincial LED agency, has awarded grants to LED and municipal infrastructure development projects in the Alfred Nzo District which has the potential to benefit Umzimvubu.

3.2 Progress towards achieving the Key LED objectives

The following programmes have been implemented through the Alfred Nzo Development Agency;

- Agricultural projects including;
 - Grain production Programme (ASGISA)
 - Livestock and poultry production programmes
 - Vegetable production programmes
- Tourism Development programmes including;
 - Msukeni Enterprise
 - Ntsizwa Venyane Hiking Trails
- Goxe Cut flowers
- Wood cluster
- Goosedown project
- SMME development
- Small scale mining

The following activities provide progress made on implementation of LED Strategy:

1. Building of SMME hawker stalls in Ward 18 to the value of R745 000,30 people got jobs during construction
2. Fencing of trading facility in Ward 07 to the value of R365 000,15 people got jobs during construction
3. Feasibility study of Peach Value Addition and development of business plan to the value of R300 000,this project will be implemented in Ward 01 ,Brooksnek however ward 2,3,4,11,14,15,19,20,22,23,24 and 26 will be feeding peaches to the processing site in Ward 01.About 60 people were trained and taken to similar processing plant.
4. Feasibility study of Pole and development of business plans to the value of R300 000, the project will be implemented in Ward 20 ,ward 1,15,22,23,13 and 24 will be feeding raw material to Ward 20 .About 40 people were trained and taken for exposure visit to similar projects
5. Investment plan has been developed and adopted by the Council, the purpose is to attract potential investors and to guide the municipality on key development areas. In an attempt to implement investment plan Memorandum of Understanding was signed between ECATU and the municipality in providing of solar system to the needy areas hence Ward 11 in Ngwekazana village was a starting point.
6. Business retention and expansion strategy. During research 10 unemployed youth were hired.10 new businesses have been opened, to mention few Ackermans, Nedbank, Jet, Shoprite and Spar in Mt Ayliff, Spargs extended their business. This has been implemented through business seminars that we are convened on a quarterly basis
7. Bankable business plan on Forestry sector plan developed, the plan is a tool of implementing forestry initiative and for lobby more funding .Forestry Indaba was held with success
8. Tourism dvd and 500 brochures were developed and launched during September 2011,the rationale behind developing the DVD is to market ULM as a preferred tourist destination and 15 Accommodation facilities were graded by Tourism Grading Council
9. Fencing of 13 wards, Ward 17,14,13,11,15,22,8,21,20,19,23,03,01. In each ward 30 people were employed. In total 320 jobs were created through EPWP. The total project costed R2,3 million. Women were at 50 %,35 % youth and 2 % disability
10. . 250 SMME's capacitated in filling of tender documents , CIDB and on business and financial management

3.3 Creation of Market and Public confidence

This programme which was introduced to end in 2010 aimed at fighting poverty, under-development and emphasizing the integration of planning services. The Alfred Ndzo District Municipality is a presidential node and Umzimvubu river valley development has been identified as one anchor project under the programme.

3.4 Comparative and competitive advantage for industrial activities

3.5 Enterprise development

The area has potential for the development of cooperatives and SMME's which afford the rural poor an opportunity to participate in economic activities. Access to micro-credit remains a big challenge to cooperatives and SMMEs, but there are also a number of agencies that offer support to new and established SMME's including;

- The Department of Trade & Industry (DTI); The Black Business Supplier Development Programme (BBSDP) 80:20 cost-sharing grant, offers support to black-owned enterprises in South Africa. DTI also offers a wide range of products and services comprising loans, and incentive grants that enable access to finance for small enterprises.
- The Small Enterprise Development Agency (SEDA) which aims to support and promote co-operative enterprises, particularly those located in rural areas.
- South African Micro-Finance Apex Fund (SAMAF)
- Khula Enterprise Finance Limited
- Thuso Mentorship Scheme
- The National Empowerment Fund (NEF) which offers start-up, business growth, and rural- and community upliftment financing products
- The Industrial Development Corporation (IDC) which provides sector focused financing products ranging from R1 million upwards

3.6 Social investment programme

The municipality is also responsible of developing and maintaining recreational parks and maintenance as well as development or review of by-laws and policies. During the year under-review the municipality development a new cemeteries, Sport field, parks, public open spaces and maintenance of Mount Ayliff Taxi Rank, Libraries, Museums

3.7 Challenges regarding LED strategy implementation

Umzimvubu Municipality is rural and therefore has low economic base characterised by dominance of informal economy. The municipality has programmes implemented on agriculture, forestry, retail, forestry, tourism as well as providing support to SMME's. The municipality facilitate collaboration between its SMME's and potential funders and provides training various business ventures. The Department of Agriculture has also been visible in implementing its programmes with the municipality being the coordinator and these programmes include; CASP, Land Care, Massive/Siyakhula, Siyazondla, Letsima with allocated budgets of more than R20 million.

UMZIMVUBULOCAL MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2011

REPORT OF THE CHIEF FINANCIAL OFFICER

1 INTRODUCTION

These annual financial statements have been prepared in accordance with Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act, (Act No 56 of 2003).

2 KEY FINANCIAL INDICATORS

The following indicators give some insight into the financial results of the year under review.

Financial Statement Ratios:

INDICATOR	2010/11	2009/10
Surplus/(Deficit) before Appropriations	14257525	4819665
Surplus/(Deficit) at the end of the Year	233575360	219317835
Expenditure Categories as a percentage of Total Expenses:		
Employee Related Costs	22.67%	24.62%
Remuneration of Councillors	8.15%	9.43%
Impairment Losses	6.59%	7.80%
Repairs and Maintenance	3.74%	7.66%
Interest Paid	0.45%	1.10%
General Expenses	25.86%	28.46%
Current Ratio:		
Creditors Days	37	56
Debtors Days	342	115

The Surplus/(Deficit) before Appropriations and the Surplus/(Deficit) at the end of the Year 2009/10 was restated because of previous years adjustments. Please refer to Correction of Error notes 29.1 and 29.2 to 29.5 for details.

Because of the adjustments the Ratio's above for 2009/10 financial year was also recalculated/stated.

3 OPERATING RESULTS

Details of the operating results per segmental classification of expenditure are included in Note 55.

The overall operating results for the year ended 30 June 2011 are as follows:

DETAILS	Actual 2010/11 R	Actual 2009/10 R	Percentage Variance %	Budgeted 2010/11 R	Variance actual/ budgeted %
Income:					
Opening surplus/(deficit)	219317835	330862714	(33.71)%	-	- (23.75)%
Operating income for the year	154081972	103605735	48.72%	202086295	-
Appropriations for the year		19827488		-	
	373399807	454295938	(17.81)%	202086295	84.77%
Expenditure:					
Operating expenditure for the year	139824447	98786070	41.54%	103771215	34.74%
Sundry transfers		136192033	(100.00)%	-	-
Closing surplus/(deficit)	233575359	219317835	6.50%	98315080	-
	373399807	454295938	(17.81)%	202086295	84.77%

The figures for the 2009/10 financial year was restated due to Correction of Errors as per note 29 to the financial statements and also to be in line with the Statement of Changes in Net Assets.

3.1 Rates and General Services:

Rates and General Services are all types of services rendered by the municipality. The main income sources are Assessment Rates, Refuse Disposal and Sundry Fees levied.

DETAILS	Actual 2010/11 R	Actual 2009/10 R	Percentage Variance %	Budgeted 2010/11 R	Variance actual/ budgeted %
Income	154081972	103605735	48.72%	202086295	(23.75)%
Expenditure	139824447	98786070	41.54%	103771215	34.74%
Surplus/(Deficit)	14257525	4819665	195.82%	98315080	-
Surplus/(Deficit) as % of total income	9.25%	4.65%		48.65%	

The Income and the Expenditure was restated because of previous years adjustments. Please refer to Correction of Error notes 29.2 to 29.5 for details.

3.2 Waste Management Services:

Waste Management Services are services rendered by the municipality for the collection, disposal and purifying of waste (solid waste/refuse). Income is mainly generated from the levying of fees and tariffs determined by the council.

This service currently falls under the Community Services cost centre which are also responsible for various other functions. This makes it not possible to report on these services as an economic unit.

4 FINANCING OF CAPITAL EXPENDITURE

The expenditure on Property, Plant and Equipment during the year amounted to R67264757 (2009/10: R31589155). Full details of Property, Plant and Equipment are disclosed in Note 7 and Notes 51 to 54 to the Annual Financial Statements.

The capital expenditure of R67264757 was financed as follows:

DETAILS	Actual 2010/11 R	Actual 2009/10 R	Percentage Variance %	Budgeted 2010/11 R	Variance actual/ budgeted %
Grants and Subsidies	67264757	31589155	112.94%	98315080	(31.58)%
	67264757	31589155	112.94%	98315080	(31.58)%

Source of funding as a percentage of Total Capital Expenditure:

DETAILS	2010/11	2009/10
Grants and Subsidies	100.00%	100.00%

Property, Plant and Equipment is funded to such a great extent from grants and subsidies because the municipality does not have the financial resources to finance capital from its own funds.

5 RECONCILIATION OF BUDGET TO ACTUAL

5.1 Operating Budget:

DETAILS	2010/11	2009/10
<i>Variance per Category:</i>		
Budgeted surplus before appropriations	98315 080	58 764 801
Revenue variances	(48004323)	(20924595)
Expenditure variances:		
Employee Related Costs	14242 238	4407264
Remuneration of Councillors	(1161748)	3019655
Bad debts	365 000	37 500
Depreciation and Amortisation	(22821162)	(18973767)
Repairs and Maintenance	(1874765)	(5 535 473)
Interest Paid	(634248)	(1 087 742)
General Expenses	(1380921)	(5 678624)
Government Grants (Operational)	(13189071)	(1502338)
Loss on disposal of Property, Plant and Equipment	(382561)	-
Actual surplus before appropriations	14257525	4819665

DETAILS	2010/11	2009/10
<i>Variance per Service Segment:</i>		
Budgeted surplus before appropriations	98315080	58764801
Executive and Council Finance and Administration Planning and Development Community and Social Services	4345 881 (47490370) (39950257) (962810)	3144 522 (35447019) (26356760) 4714122
Actual surplus before appropriations	14257525	4819665
	(0)	

Details of the operating results per segmental classification of expenditure are included in Note 55, whilst operational results per category of expenditure, together with a short explanation of significant variances of more than 10% from budget, are included in Note 48 to the financial statements.

5.2 Capital Budget:

DETAILS	Actual 2010/11 R	Actual 2009/10 R	Variance actual 2010/11/2009/10 R	Budgeted 2010/11 R	Variance actual/ budgeted R

	-	-			

Details of the results per segmental classification of capital expenditure are included in Note 51, together with a short explanation of significant variances of more than 10% from budget, are included in Note 49 to the financial statements.

6 ACCUMULATED SURPLUS

The balance of the Accumulated Surplus as at 30 June 2011 amounted to R233575360 (30 June 2010: R4819665) and is made up as follows:

Capital Replacement Reserve (CRR)	5014475
Government Grants Reserve	195396057
Accumulated Surplus/(Deficit) due to the result of Operations	33164828
	233575360

7 NON-CURRENT PROVISIONS

Non-current Provisions amounted to R4480969 as at 30 June 2011 (30 June 2010: R4194511) and is made up as follows:

Provision for Long-term Service	424880
Provision for Rehabilitation of Land-fill Sites	4056089
	4480969

These provisions are made in order to enable the municipality to be in a position to fulfil its known legal obligations when they become due and payable.

Refer to Note 14 for more detail.

8 CURRENT LIABILITIES

Current Liabilities amounted to R16330069 as at 30 June 2011 (30 June 2010: R25149938) and is made up as follows:

Creditors	Note 10	14022074
Unspent Conditional Grants and Receipts	Note 11	2016582
		16330069

Non-current Liabilities are those liabilities of the municipality due and payable in the short-term (less than 12 months). There is no known reason as to why the municipality will not be able to meet its obligations.

Refer to the indicated Notes for more detail.

9 PROPERTY, PLANT AND EQUIPMENT

The net value of Property, Plant and Equipment was R188512395 as at 30 June 2011 (30 June 2010: R145181074).

Refer to Note 7 and Notes 51 to 54 for more detail.

10 INTANGIBLE ASSETS

The net value of Intangible Assets were R298057 as at 30 June 2011 (30 June 2010: R218071).

These are assets which cannot physically be identified and verified and are in respect of computer software obtained by the municipality in order to be able to fulfil its duties as far as service delivery is concerned.

Refer to Note 8 for more detail.

11 CURRENT ASSETS

Current Assets amounted to R52545426 as at 30 June 2011 (30 June 2010: R88977139) and is made up as follows:

Inventory	Note 2	354278
Consumer Debtors	Note 3	7705205
Other Debtors	Note 4	14645891
Bank Balances and Cash	Note 5	29624537
Operating Lease Assets	Note 6	215515
		52545426

Refer to the indicated Notes for more detail.

12 INTER-GOVERNMENTAL GRANTS

The municipality is dependent on financial aid from other governments for its annual capital programme. Operating grants are utilised to finance indigent assistance and provision of free basic services.

Refer to Notes 11 and 20, and Note 56 for more detail.

13 EVENTS AFTER THE REPORTING DATE

Full details of all known events, if any, after the reporting date are disclosed in Note 45.

14 EXPRESSION OF APPRECIATION

We are grateful to the Mayor, members of the Executive Committee, Councillors, the Municipal Manager and Heads of Departments for the support extended during the financial year. A special word of thank to all staff in the Budget and Treasury Department, for without their assistance these Annual Financial Statements would not have been possible.

UMZIMVUBULOCALMUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

2011
R

2010
R

1 GENERAL INFORMATION

Umzimvubu Local Municipality (the municipality) is a local government institution in Mount Frere, Eastern Cape. The addresses of its registered office and principal place of business are disclosed under "General Information" included in the Annual Financial Statements and in the introduction and overview of the Annual Report. The principal activities of the municipality are disclosed in the Annual Report and are prescribed by The Constitution.

2 INVENTORY

Stationery at cost	354278	338465
Total Inventory	354278	338465

Stationery are held for own use with the result that no writedowns of Inventory to Net Realisable Value were required.

Inventory in respect of Vacant properties at cost were restated due to a land claim hanging over these properties and because it is also listed in the Assets Register at a nominal value of R1 each.

3 TRADE RECEIVABLES FROM EXCHANGE TRANSACTIONS

	Gross Balances	Provision for Impairment	Net Balances
As at 30 June 2011			
Service Debtors:	6356765	6194318	162447
Refuse	6356765	6194318	162447
VAT Claim	7271161	-	7271161
Landsales	271596	-	271596
Total Trade Receivables from Exchange Transactions	13899522	6194318	7705205
As at 30 June 2010			
Service Debtors:	4676310	3626829	1049480
Refuse	4676310	3626829	1049480
VAT Claim	2143507	-	2143507
Other Debtors	340518	-	340518
Total Trade Receivables from Exchange Transactions	7160334	3626829	3533505

The management of the municipality is of the opinion that the carrying value of Consumer Debtors approximates their fair values.

The fair value of Consumer Debtors was determined after considering the standard terms and conditions of agreements entered into between the municipality and Consumer Debtors as well as the current payment ratio of the municipality's Consumer Debtors.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

	2011 R	2010 R
	2011 R	2010 R
Balance at beginning of year	3626829	-
Impairment Losses recognised	2567488	-
Balance at end of year	6194318	3626829

The Provision for Impairment were restated for the previous year due to the total Provision for Impairment being disclosed under Trade Receivables from Non-Exchange Transactions. See Correction of Error Note for details.

In determining the recoverability of debtors, the municipality has placed strong emphasis on verifying the indigent status of consumers. Provision for impairment of Consumer Debtor has been made for all consumer balances outstanding based on the payment ratio over 12 months. No further credit provision is required in excess of the Provision for Impairment.

Payments made in Advance	47401	2586
Government Subsidy Claims	13144913	-
Sundry Debtors	41158	32310
	35178114	18170647
Less: Provision for Impairment	(20532224)	(14023479)
Total Trade Receivables from Non-Exchange Transactions	14645891	4147168

In determining the recoverability of debtors, the municipality has placed strong emphasis on verifying the indigent status of consumers. Provision for impairment of Consumer Debtor has been made for all consumer balances outstanding based on the payment ratio over 12 months. No further credit provision is required in excess of the Provision for Impairment.

Assessment Rates, Projects, Sundry Deposits and Sundry Debtors for 2009/10 were restated as Council approved the writing off of certain amounts. See Correction of Error Note: 29.7 Reclassification of Statement of Financial Position: 30 June 2010 for details.

The average credit period for Government Grants and Subsidies is dependent on the Government Department involved and the nature of the claim. No interest is charged on outstanding Government Grants and Subsidies. The subsidies is payable to the municipality due to allocations made in the DORA or based on agreements between the municipality and the relevant departments.

The management of the municipality is of the opinion that the carrying values of Other Debtors approximate their fair values.

No provision has been made in respect of government debt as these amounts are considered to be fully recoverable.

UMZIMVUBULOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

	2011 R	2010 R
4.1 Reconciliation of Provision for Impairment		
Balance at beginning of year	14023478	9943292
Impairment Losses recognised	6508745	7707016
Impairment Losses reversed	-	(3626829)
Balance at end of year	20532224	14023478

The amount for Assessment Rates had been restated due to a difference in the billings system and the ledger control at 30 June 2010 which was still the difference at 30 June 2011.

The Provision for Impairment were restated for the previous year due to a "Time value of Money" calculation by the Auditor General and the relevant amount in respect of Trade Receivables from Exchange Transactions being transferred to the relevant section.

See Correction of Error Note 29.7 Reclassification of Statement of Financial Position: 30 June 2010 for details.

5.3 Cash and Cash Equivalents

Cash Floats and Advances	-	238
Cash on hand in Cash Floats, Advances and Equivalents	-	238

The management of the municipality is of the opinion that the carrying value of Bank Balances, Cash and Cash Equivalents recorded at amortised cost in the Annual Financial Statements approximate their fair values.

6 OPERATING LEASE ASSETS/RECEIVABLES

Operating Leases are recognised on the straight-line basis as per the requirement of GRAP 13. In respect of Non-cancellable Operating Leases the following assets have been recognised:

Balance at beginning of year	258860	221209
Operating Lease receipts recorded	13796	37651
Operating Lease receipts effected	(57141)	-
Total Operating Lease Assets	215515	258860

Operating Lease Assets have been restated to adhere to the disclosure provisions of GRAP 13. Refer to Note 29 on Correction of Error for details of restatement.

6.1 Leasing Arrangements

The Municipality as Lessor:

6.2 Amounts receivable under Operating Leases

At the Reporting Date the following minimum lease payments were receivable under Non-cancellable Operating Leases for Property, Plant and Equipment, which are receivable as follows:

Upto 1 year	868360	865988
2 to 5 years	379421	1200050
More than 5 years	107200	154931
Total Operating Lease Arrangements	1354982	2220969

The following restrictions (if any) have been imposed by the municipality in terms of the (specify) lease agreements:

(i) The lessee shall not have the right to sublet, cede or assign the whole or any portion of the premises let.

(ii) The lessor or its duly authorised agent, representative or servant shall have the right at all reasonable times to inspect the premises let.

(iii) The lessee shall use the premises let for the sole purpose prescribed in the agreement.

UMZIMVUBULOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

7 PROPERTY, PLANT AND EQUIPMENT (Continued)

The municipality opted to take advantage of the transitional provisions as contained in Directive 4 of the Accounting Standards Board, issued in March 2009. The municipality did not recognise all the Property, plant and equipment in accordance with GRAP 17 for the financial years up to 30 June 2010.

The municipality has identified and measured all Property, plant and equipment in terms of GRAP 17 for the financial year ended 30 June 2011. The balances of the Property, plant and equipment have been retrospectively restated accordingly.

All infrastructure assets were valued as at 30 June 2011 using the depreciated replacement cost approach.

Refer to Notes 51 to 54 for more detail on Property, Plant and Equipment, including those in the course of construction.

7 PROPERTY, PLANT AND EQUIPMENT (Continued)

7.1 Carrying Amount of Property, Plant and Equipment that is fully depreciated and still in use:

The municipality does not currently have any PPE in use which are fully depreciated.

7.2 Impairment of Property, Plant and Equipment:

During the period, the municipality carried out a review of the recoverable amount of its infrastructure property, plant and equipment, having regard to its ongoing programme of modernisation and the extension of its services. It was not necessary to impair any assets.

7.3 Change in Estimate - Useful Life of Property, Plant and Equipment reviewed:

The municipality opted to take advantage of the transitional provisions as contained in Directive 4 of the Accounting Standards Board, issued in March 2009. The municipality therefore reconsidered the useful life of all assets during the 2010/11 financial year. The useful life of the landfill sites were reduced in accordance with the actuarial assessment for the rehabilitation of the sites at 30 June 2011.

8 INTANGIBLE ASSETS

At Cost less Accumulated Amortisation and Accumulated Impairment Losses 298057 218071

Cost	14286000	14286000
------	----------	----------

Estimated Fair Value of Investment Property at 30 June	14286000	14286000
---	-----------------	-----------------

All of the municipality's Investment Property is held under freehold interests and no Investment Property had been pledged as security for any liabilities of the municipality.

There are no restrictions on the realisability of Investment Property or the remittance of revenue and proceeds of disposal.

There are no contractual obligations on Investment Property.

Refer to Note 51 for more detail on Investment Property.

9.1 Impairment of Investment Property:

The value of investment property equals the last municipal valuation which was based on a market related valuation.

Accordingly management feels that the fair value equals the properties recorded cost.

The investment property consists of land only, it does not depreciate and there was no reason why it should have been impaired.

10 CREDITORS

Trade Creditors	11299097	13213653
Payments received in Advance (Debtors Billing)	481528	282706

Other Creditors	0	7000
Accrued leave	1916021	1564545
Total Creditors	14022074	15239431

Creditor have been restated to correctly classify amount to be included in Trade Creditors. Unknown and erroneous accruals were written back. Refer to Correction of Error Note 29.7 Reclassification of Statement of Financial Position: 30 June 2010 for details.

The average credit period on purchases is 30 days from the receipt of the invoice, as determined by the MFMA. No interest is charged for the first 30 days from the date of receipt of the invoice. Thereafter interest is charged in accordance with the credit policies of the various individual creditors that the municipality deals with. The municipality has financial risk policies in place to ensure that all payables are paid within the credit time frame.

The management of the municipality is of the opinion that the carrying value of Creditors approximates their fair values.

UMZIMVUBULOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

2011 **2010**
R **R**

The fair value of Creditors was determined after considering the standard terms and conditions of agreements entered into between the municipality and other parties.

Staff Bonuses refer to the actuarial valuation of long services award to staff members in accordance with a remuneration policy. The accrual is an estimate of the amount due within 12 months after the reporting date.

Staff Leave accrues to the staff of the municipality on an annual basis, subject to certain conditions. The accrual is an estimate of the amount due at the reporting date.

11 UNSPENT CONDITIONAL GRANTS AND RECEIPTS

11.1 Conditional Grants from Government

National Government Grants
 Total Conditional Grants and Receipts

2016582	9910507
2016582	9910507
2016582	9910507

The amount for Unspent Conditional Grants and Receipts are deposited in ring-fenced investment accounts until utilised.

See Note 20 for the reconciliation of all conditional grants.

The Unspent Grants are cashbacked by call deposits. The municipality complied with the conditions attached to all grants received to the extent of revenue recognised. No grants were withheld.

Refer to Note 56 for more detail on Conditional Grants.

12 OPERATING LEASE LIABILITIES/PAYABLES

Operating Leases are recognised on the straight-line basis as per the requirement of GRAP 13. No liability existed at 30 June as none of the contracts has any escalation clauses.

12.1 Leasing Arrangements

The Municipality as Lessee:

Operating Leases relate to Equipment with lease terms not longer than 5 years, with no option to extend for a further period. None of the operating lease contracts contains escalation clauses. The municipality does not have an option to purchase the leased asset at the expiry of the lease period.

Amounts payable under Operating Leases

At the Reporting Date the municipality had outstanding commitments under Non-cancellable Operating Leases for Photocopiers which fall due as follows:

Vehicles and Other Equipment:

Upto 1 year
 2 to 5 years
 More than 5 years

1052308	1566253
513945	513945

Less: Current Portion transferred to Current Liabilities:-	291413	-
Finance Lease Liabilities	291413	-
Total Long-term Liabilities (Neither past due, nor impaired)	1255479	-

13.1 Summary of Arrangements

Finance Lease Liabilities relate to Vehicles with lease terms starting during the year for a period of 5 years. The effective interest rate is 9% since the inception of the agreements. Capitalised Lease Liabilities are secured over the items of vehicles leased.

The management of the municipality is of the opinion that the carrying value of Long-term Liabilities recorded at amortised cost in the Annual Financial Statements approximates their fair values.

The fair value of Long-term Liabilities was determined after considering the standard terms and conditions of agreements entered into between the municipality and the relevant financing institutions.

Refer to Note 50 for more detail on Long-term Liabilities.

13.2 Obligations under Finance Lease Liabilities

The Municipality as Lessee:

Finance Leases relate to Property, Plant and Equipment with lease terms not more than 5 years. The effective interest rate on Finance Leases is linked to the prime bank rate which was 9% since inception of the agreements.

The municipality does not have an option to purchase the leased Property, Plant and Equipment at the conclusion of the lease agreements. The municipality's obligations under Finance Leases are secured by the lessors' title to the leased assets.

The obligations under Finance Leases are as follows:

	Minimum Lease Payments		Present Value of Minimum Lease Payments	
	2011 R	2010 R	2011 R	2010 R
Amounts payable under finance leases:				
Within one year	418807	-	291413	-

In terms of the licencing of the landfill refuse sites, the municipality will incur rehabilitation costs of R4,056 million to restore the sites at the end of its useful lives, estimated to be between 16 and 19 years.

Provision has been made for the net present value of this cost, using the average cost of borrowing interest rate.

The figures for the Long Services Awards for 2009/10 were restated due to the evaluation done at 30 June 2010 being done on inaccurate criteria.

14.1 Long Service Awards

Long-service award is granted to municipal employees after the completion of fixed periods of continuous service with the Municipality. The provision represents an estimation of the award to which employees in the service of the Municipality may become entitled to in future, based on an actuarial valuation performed.

The most recent actuarial valuations of plan assets and the present value of the defined benefit obligation were carried out at 30 June 2010 by Mr C Weiss, Fellow of the Actuarial Society of South Africa. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

At 30 June 2010, 125 employees were eligible for Long-services Awards.

The Current-service Cost for the year ending 30 June 2011 is estimated to be R133628, whereas the interest for the current year is estimated to be R41396.

Movements in the present value of the Defined Benefit Obligation were as follows:

Balance at the beginning of the year	506297	374571
Current service costs	133628	87945
Interest cost	41396	32500
Benefits paid	(102527)	(42796)
Actuarial losses/(gains)	-	54077
Total Recognised Benefit Liability	578794	506297

The amounts recognised in the Statement of Financial Performance are as follows:

Current service cost	133628	87945
Interest cost	41396	32500
Actuarial losses/(gains)	-	54077
Total Post-retirement Benefit included in Employee Related Costs	175024	174522

The history of experienced adjustments is as follows:

2011	2010	2009	2008	2007
R	R	R	R	R
Present Value of Defined Benefit Obligation	578794	506297	374571	-
Deficit	578794	506297	374571	-

14.2 Rehabilitation of Land-fill Sites

In terms of the licencing of the land fill refuse sites, the municipality will incur rehabilitation costs of R4,056 million to restore the sites at the end of its useful lives, estimated to be between 16 and 19 years. Provision has been made for the net present value of this cost, using the average cost of borrowing interest rate.

15 ACCUMULATED SURPLUS

The Accumulated Surplus consists of the following Internal Funds and Reserves:

Capital Replacement Reserve (CRR)	5014475	5014475
Government Grants Reserve	195396057	152083309
Accumulated Surplus/(Deficit) due to the results of Operations	33164828	62220051
Total Accumulated Surplus	233575360	219317835

Accumulated Surplus has been restated to correctly disclose previous years balances. Refer to Note 29 on "Correction of Error" for details of the restatement.

The **Capital Replacement Reserve** is a reserve to finance future capital expenditure and is fully invested in ring-fenced Financial Instrument Investments.

UMZIMVUBULOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

	2011 R	2010 R
The Government Grants Reserve equal the carrying value of the items of property, plant and equipment financed from government grants. The Government Grants Reserve ensures consumerequity and is not backed by cash. Due to the exemption of depreciation of assets until 30 June 2011 the carrying value of assets are only known after the depreciation was done retrospectively and the reserve was restated accordingly.		

Refer to Statement of Changes in Net Assets for more detail and the movement on Accumulated Surplus.

16 PROPERTY RATES

	Property Valuations		Actual Levies	
	July 2011 R000's	July 2010 R000's

Commercial	245779500	245779500	2704546	4708834
State	108698500	108698500	1196113	2082530
Total Assessment Rates	615458500	615458500	6453386	10022451
Attributable to:				
Continuing Operations			6453386	10022451
Discontinued Operations			-	-
			6453386	10022451

The municipality does not raise interest on overdue accounts and therefore Property Rates Revenue have been restated to disclose the fair value of Interest Revenue. (IAS 39) whereby part of the Property Rates Revenue was discounted and transferred to Interest on Outstanding Debtors Revenue. See Correction of Error Note 29.3 Reclassification of Revenue - 2009/10 for details.

Assessment Rates are levied on the value of land and improvements, which valuation is performed every four years. Interim valuations are processed on an annual basis to take into account changes in individual property values due to alterations and subdivisions.

The last valuation came into effect on 1 July 2009.

An average general rate of 1.1c/R (2009/2010: 1.6c/R) is applied to residential and 1.3c/R (2009/10: 1.8c/R) on business property valuation to determine assessment rates.

Rates are levied monthly on property owners and are payable the 7th of each month. Property owners can request that the full amount for the year be raised in July in which case the amount has to be paid by 30 September. Interest is not levied on overdue amounts.

17 INTEREST EARNED

External Investments:

Investments	3362168	4388311
	3362168	4388311

Outstanding Debtors:

Outstanding Billing Debtors	984073	1362454
	984073	1362454

Total Interest Earned

Interest on Outstanding Debtors has been restated to disclose the fair value of interest on outstanding accounts in accordance with International Accounting Standard (IAS) 39.		
See Correction of Error Note 29.3 Reclassification of Revenue - 2009/10 for details.		
	4346241	5750765

Interest Earned on Financial Assets, analysed by category of asset, is as follows:

Available-for-Sale Financial Assets	3362168	4388311
Loans and Receivables	984073	1362454
	4346241	5750765

National: MIG	35403053	18783860
National: MSIG	1665001	632909
Other: Electricity	20000000	-
Provincial: DEAT Grant	2093481	68511
Other Spheres of Government: Various Grants	-	121933
Total Government Grants and Subsidies	135120145	79372775

Operational Grants:

20.1 National: Equitable Share	71442307	58456347
Utilised	71442307	58456347

In terms of the Constitution, part of this grant is used to subsidise the provision of basic services to indigent community members on application. Households where the total gross monthly income of all occupants over 18 years of age does not exceed the earning of a combined gross income equivalent to or less than two times the Government pension grant as prescribed by the National Department of Social Development, qualify for a subsidy of the essential services package.

20.2 Municipal Election Support

Utilised	3500000	-
----------	---------	---

The Municipality received an amount of R3500000 from the Department of Local Government, Housing and Traditional Affairs for the funding of operations and preparations necessary with the Municipal Election held in May 2011.

UMZIMVUBULOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

	2011 R	2010 R
Conditional Grants:		
20.2 National: FMG Grant		
Balance unspent at beginning of year	(177 178)	132 038
Current year receipts	120 000	100 000
Conditions met - transferred to Revenue	(101 630)	(130 921)
Other Transfers		
Conditions still to be met - transferred to Current Assets (see Note 11)	6518	(177 178)

The Financial Management Grant is paid by National Treasury to municipalities to help implement the financial reforms required by the Municipal Finance Management Act (MFMA), 2003. The FMG Grant also pays for the cost of the Financial Management Internship Programme (e.g. salary costs of the Financial Management Interns).

20.3 National: MIG Funds

Balance unspent at beginning of year	531 914	-
Current year receipts	1693 900	2410 300
Conditions met - transferred to Revenue	(3540 305)	(1878 386)
Other Transfers	1314 491	-
Conditions still to be met - transferred to Current Assets (see Note 11)	-	531 914

The Municipal Infrastructure Grant (MIG) was allocated for mainly the construction of roads. No funds have been withheld.

The MIG Grant was overspent due to National Treasury changing the time of payment from the National Government Financial Year to the Municipal Financial Year, i.e. from March 2011 to June 2011. The R13144913 is shown as a debtor "Government Grants and Subsidies".

20.4 National: MSIG Funds

Balance unspent at beginning of year	667 091	-
Current year receipts	1 000 000	1 300 000
Conditions met - transferred to Revenue	(1 665 001)	(632 909)
Conditions still to be met - transferred to Current Assets (see Note 11)	2090	667 091

The Municipal Systems Improvement Grant is allocated to municipalities to improve municipal systems and was used to improve information technology networks and Ward Committee operations. No funds have been withheld.

20.5 National - Electricity

Balance unspent at beginning of year	-	-
Current year receipts	2 000 000	-
Conditions met - transferred to Revenue	(2 000 000)	-
Conditions still to be met - transferred to Current Assets (see Note 11)	-	-

The grant was received from the Department of Mineral and Energy to be paid to Eskom for the upgrading of electrical installations within the greater municipal area. Eskom is the Electricity Service Provider in the area.

20.6 National - Department Economic Affairs and Trade (DEAT)

Balance unspent at beginning of year	410 145	-
Current year receipts	-	416 965
Conditions met - transferred to Revenue	(209 348)	(68 511)
Conditions still to be met - transferred to Liabilities (see Note 10)	200 793	410 145

This grant was allocated for Economic Development Program. No funds have been withheld.

20.13 Changes in levels of Government Grants

Based on the allocations set out in the Division of Revenue Act, (Act No 2 of 2008), government grant funding is expected to increase over the forthcoming three financial years.

NOTESTOTHEFINANCIALSTATEMENTS FORTHEYEARENDED30JUNE2011

	2011 R	2010 R
Total General Expenses	36154323	28114168

General expenses was restated as payments for the amount of R112964 to Eskom for Free Basic Services was debited to revenue vote. See Correction of Error Note 29.5 Reclassification of Expenditure - 2009/10 for details.

The amounts disclosed above for Other General Expenses are in respect of costs incurred in the general management of the municipality and not direct attributable to a specific service or class of expense.

27.1 Government Grants (Conditional)

The following operating expenditure were financed by the grants as indicated:

Municipal Systems Improvement Grant (MSIG)	1606586	181510
Financial Management Grant (FMG)	978046	802464
Municipal Infrastructure Grant (MIG/PMU)	19186	308435
Electrification (DME)	17354028	144516
Department Education and Training (DEAT)	1863126	65415
	21820972	1502338

The MSIG is used for capacity building of Councillors, Ward Committees seating allowance and Implementation of the MPRA.

The FMG is used for salaries of the financial interns, staff capacitation and the improvement of systems.

The MIG amount is operational cost of the Project Management Unit.

The DME grant was paid over to Eskom who is responsible for the electrification and connections in the area.

The DEAT grant is used for environmental impact assessments and project management.

28 CHANGE IN ACCOUNTING POLICY

28.1 Adjustments were made and appropriated to the Accumulated Surplus Account during the financial years ended 30 June 2009 and 30 June 2010

Appropriations are summarised as follows:

	2010	2009
Property, Plant and Equipment	-19048165	-122398040
Intangible Assets	-125602	-33388
	-19173767	-122431428

28.2 Reclassification of Expenditure - 2009/10

	AFS	RESTATED	ADJUSTMENT
Depreciation and Amortisation	-	19173767	-19173767
	-	19173767.2	-19173767.2

Detail:

Depreciation and Amortisation

Depreciation was previously exempted in accordance with Accounting Standard Directive 4. Directive 4 is no longer applicable and the municipality needs to apply depreciation for the 2010/11 financial year retrospectively for the last two years. Accordingly the depreciation for the 2009/10 year was disclosed as indicated. See Note 52 for details.

-19173767

28.3 Reclassification of Statement of Financial Position: 30 June 2009

	AFS	RESTATED	ADJUSTMENT
Property, Plant and Equipment	243182152	120784112	122398040
Intangible Assets	377060	343673	33388
	243559212	121127784	122431428

Detail:

Property, Plant and Equipment

Depreciation was previously exempted in accordance with Accounting Standard Directive 4. Directive 4 is no longer applicable and the municipality needs to apply depreciation for the 2010/11 financial year retrospectively for the last two years. Accordingly the "backlog" depreciation was calculated at 30 June 2009 as indicated. See Note 52 for details.

33 UNAUTHORISED,IRREGULAR,FRUITLESSANDWASTEFULEXPENDITUREDISALLOWED

33.1 Unauthorised Expenditure

	Budget	Actual	Over/(Under)
The operational expenditure exceeded approved budgeted expenditure which constitutes unauthorised expenditure.	103771215	139824447	36053232

Depreciation was affected the first time and accordingly R23,4 million was expensed. A government grant of R20 million towards the upgrading of the electricity network in the area was received during the year. A non-budgeted grant for the amount of R3,5 million was received in respect of preparations for the municipal election which was held in May 2011 was received and spent during the year.

No provision for impairment of debtors was made on the budget. With the compilation of the Annual Financial Statements, to comply with GRAP accounting, the provision had been calculated based on the payment percentage which resulted in expenditure to the amount of R9 215 993.

If the above amounts are taken into account it calculates to less than 1% over expenditure on budgeted expenditure. The expenditure will however be presented to Council for condonement.

Reconciliation of Unauthorised Expenditure:

Opening balance	12739495		-

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

2011
R **2010**
R

Loans and Receivables designated as FVTPL

At the reporting date there are no significant concentrations of credit risk for Loans and Receivables designated as FVTPL. The carrying amount reflected above represents the municipality's maximum exposure to credit risk for such loans and receivables.

Assumptions used in determining Fair Value of Financial Assets and Financial Liabilities

The Fair Value of Financial Assets and Financial Liabilities were determined after considering the standard terms and conditions of agreements entered into between the municipality and other parties as well as the current payment ratios of the municipality's debtors.

37.2 Capital Risk Management

The municipality manages its capital to ensure that the municipality will be able to continue as a going concern while delivering sustainable services to consumers through the optimisation of the debt and equity balance. The municipality's overall strategy remains unchanged.

The capital structure of the municipality consists of debt, which includes Bank, Cash and Cash Equivalents and Equity, comprising Funds, Reserves and Accumulated Surplus as disclosed in the Statement of Changes in Net Assets.

Gearing Ratio

	2011	2010
	R	R
The gearing ratio at the year-end was as follows:		
Debt	-	-
Bank, Cash and Cash Equivalents	29624537	80699141
Net Debt	<u>29624537</u>	<u>80699141</u>
Equity	<u>233575360</u>	219317835
Net debt to equity ratio	<u>12.68%</u>	<u>36.80%</u>

Debt is defined as Long- and Short-term Liabilities.

Equity includes all Funds and Reserves of the municipality, disclosed as Net Assets in the Statement of Financial Performance.

37.3 Financial Risk Management Objectives

Internal audit, responsible for initiating a control framework and monitoring and responding to potential risk, reports periodically to the municipality's audit committee, an independent body that monitors the effectiveness of the internal audit function.

37.4 Significant Accounting Policies

Details of the significant Accounting Policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of Financial Asset, Financial Liability and Equity Instrument are disclosed in the Accounting Policies to the Annual Financial Statements.

37.5 Market Risk

The municipality's activities expose it primarily to the financial risks of changes in interest rates. No formal policy exists to hedge volatilities in the interest rate market.

There has been no change to the municipality's exposure to market risks or the manner in which it manages and measures the risk.

37.5.1 Foreign Currency Risk Management

The municipality's activities do not expose it to the financial risk of foreign currency and therefore has no formal policy to hedge volatilities in the interest rate market.

UMZIMVUBULOCALMUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

2011
R

2010
R

37.5.1 Interest Rate Risk Management

Interest Rate Risk is defined as the risk that the fair value or future cash flows associated with a financial instrument will fluctuate in amount as a result of market interest changes.

Potential concentrations of interest rate risk consist mainly of variable rate deposit investments, long-term receivables, consumer debtors, other debtors, bank and cash balances.

The municipality limits its counterparty exposures from its money market investment operations by only dealing with well-established financial institutions of high credit standing. No investment with a tenure exceeding twelve months shall be made without consultation with the council or responsible for financial matters.

Long-term Receivables and Other Debtors are individually evaluated annually at balance sheet date for impairment or discounting. A report on the various categories of debtors is drafted to substantiate such evaluation and subsequent impairment/discounting, where applicable.

The municipality's exposure to interest rates on Financial Assets and Financial Liabilities are detailed in the Credit Risk Management section of this note.

Interest Rate Sensitivity Analysis

The municipality's sensitivity to interest rates has increased during the current period due to the taking up of finance leases at prime rate.

Total Fixed Rate Instruments			80699141	80699141	-	-	-	-

37.8 Other Price Risks

The municipality is not exposed to equity price risks arising from equity investments as the municipality does not trade these investments.

37.9 Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the Council, which has built an appropriate liquidity risk management framework for the management of the municipality's short, medium and long-term funding and liquidity management requirements. The municipality manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

37 FINANCIAL INSTRUMENTS (Continued)

37.10 Credit Risk Management

The maximum credit and interest risk exposure in respect of the relevant financial instruments is as follows:

Consumer Debtors	7705205	3533505
Other Debtors	14645891	4147168
Bank, Cash and Cash Equivalents	29624537	80699141
Maximum Credit and Interest Risk Exposure	51975633	88379814

38 MULTI-EMPLOYER RETIREMENT BENEFIT INFORMATION

Councillors belong to the Pension Fund for Municipal Councillors.

Employees belong to a variety of approved Pension and Provident Funds as described below.

These funds are governed by the Pension Funds Act and include both defined benefit and defined contribution schemes.

All of these afore-mentioned funds are multi-employer plans and are subject to either a tri-annual, bi-annual or annual actuarial valuation, details of which are provided below.

Sufficient information is not available to use defined benefit accounting for the pension and retirement funds, due to the following reasons:-

- (i) The assets of each fund are held in one portfolio and are not notionally allocated to each of the participating employers.
- (ii) One set of financial statements are compiled for each fund and financial statements are not drafted for each participating employer.
- (iii) The same rate of contribution applies to all participating employers and no regard is paid to differences in the membership distribution of the participating employers.

It is therefore seen that each fund operates as a single entity and is not divided into sub-funds for each participating employer.

The only obligation of the municipality with respect to the retirement benefit plans is to make the specified contributions. Where councillors / employees leave the plans prior to full vesting of the contributions, the contributions payable by the municipality are reduced by the amount of forfeited contributions.

Contributions made by the municipality amounted to R2164044 (2009/10: R2404109) to the defined benefit and defined contribution structures and were expensed as incurred during the year under review.

The Retirement Funds have been valued by making use of the Discounted Cash Flow method of valuation.

DEFINED BENEFIT SCHEMES

Municipal Councillors Pension Fund:

The scheme is subject to an annual actuarial valuation. The last statutory valuation was performed as at 30 June 2010.

The statutory valuation performed as at 30 June 2010 revealed that the fund had a funding ratio of 102.56% (30 June 2006: 106.5%). The contribution rate paid by the members (13.75%) and Council (15.00%) is sufficient to fund the benefits accruing from the fund in the future.

South African Municipal Workers Union National Provident Fund:

The scheme is subject to a tri-annual actuarial valuation. The last statutory valuation was performed as at 30 June 2005.

The statutory valuation performed as at 30 June 2005 revealed that the fund had a funding ratio of 100.0% (30 June 2002: 100.0%). The contribution rate paid by the members (not less than 5.00%) and Council (not less than 12.00%) is sufficient to fund the benefits accruing from the fund in the future.

Municipal Employees Pension Fund

No details could be provided for the fund and of any valuation performed.

Cllr NN Boyce Mr	Community & Citizens Services	68 719	Cousin	T Boyce
MNSineke	Citizens Services	64 721	Cousin	SSineke

39.2 Services rendered to Related Parties

The municipality did not render any services during the year to anyone that can be considered as a related party.

39.3 Loans granted to Related Parties

In terms of the MFMA, the municipality may not grant loans to its Councillors, Management, Staff and Public with effect from 1 July 2004. No loans have been granted to anyone that can be considered as a related party.

39.4 Compensation of Related Parties

Compensation of Key Management Personnel and Councillors is set out in Notes 22 and 23 respectively, to the Annual Financial Statements.

39.5 Purchases from Related Parties

The municipality did not buy goods from any companies which can be considered to be Related Parties.

The municipality bought goods from the following companies, which are considered to be Related Parties:

Company Name	Related Person	Company Capacity	Municipal Capacity	Purchases for the Year	Purchases for the Year
2ND World B&B	NGMdzinwa	Spouse	Councillor	19 150	132 240
Sizo Projects	NTXezu	Owner	Councillor	5 010	
Total Purchases				24 160	132 240

The transactions were concluded in full compliance with the municipality's Supply Chain Management Policy and the transactions are considered to be at arm's length.

UMZIMVUBU LOCAL MUNICIPALITY
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2011

	2011 R	2010 R
40 CONTINGENT LIABILITIES		
40.1 Court Proceedings:	27790500	11030500
(i) An application was brought by Mbali Rural Developers in the High Court to prevent Umzimvubu Municipality from awarding the food programme contract to any other entity person. Mbali's application is academic as the municipality decided not to award the contract. Mbali are persisting with their application to recover their cost which are opposed by the municipality. Legal counsel proposed at 30 June 2010 that an amount of R120 000 be disclosed as a contingent liability in lieu of legal fees. Mbali Developers action however has not resulted in a claim against the municipality for R1600000 plus legal fees of R200000. It was resolved that the matter will be resolved through private arbitration.	1620000	120000
(ii) The municipality has been sued for R500000 by an individual for a wrongful arrest and detention by a traffic officer. The attorneys representing the municipality estimate the legal cost for the case at R300000	800000	120000
(iii) A land claim was registered which includes properties of which the title deeds are held by the municipality. The fair value of these properties totals R10790 500. The properties was previously incorrectly impaired but was now re-instated affair value and forms part of the Property Plant and Equipment included in these statements.	10790500	10790500

41 CONTINGENT ASSETS

The municipality was not engaged in any transaction or event during the year under review involving Contingent Assets.

42 IN-KIND DONATIONS AND ASSISTANCE

The municipality did not receive any In-kind Donations and Assistance during the year under review.

43 COMPARISON WITH THE BUDGET

The comparison of the municipality's actual financial performance with that budgeted, is set out in Note 48 and 49 to the financial statements

44 PRIVATE PUBLIC PARTNERSHIPS

The municipality was not a party to any Private Public Partnerships during the financial year 2010/11.

45 EVENTS AFTER THE REPORTING DATE

No events having financial implications requiring disclosure occurred subsequent to 30 June 2011

46 COMPARATIVE FIGURES

The comparative figures were restated where adjustments for prior years was necessary. Details of these restated amounts can be seen in the Correction of Error Note 29

47 STANDARDS AND INTERPRETATIONS IN ISSUE NOT YET ADOPTED

At the date of authorisation of these Annual Financial Statements the municipality has not applied the following GRAP standards that have been issued, but are not yet effective:

- GRAP18 Segment Reporting-issued March 2005
- GRAP21 Impairment of Non-cash-generating Assets-issued March 2009
- GRAP23 Revenue from Non-exchange Transactions (Taxes and Transfers)-issued February 2008
- GRAP24 Presentation of Budget Information in Financial Statements-issued November 2007
- GRAP25 Employee Benefits-issued December 2009
- GRAP26 Impairment of Cash-generating Assets-issued March 2009
- GRAP103 Heritage Assets-issued July 2008
- GRAP104 Financial Instruments-issued October 2009

Application of all of the above GRAP standards will be effective from a date to be announced by the Minister of Finance. This date is not currently available.

Management has considered all the GRAP standards issued but not yet effective and anticipates that the adoption of these standards will not have a significant impact on the financial position, financial performance or cash flows of the municipality.

4.7 The Auditor General Reports

REPORT OF THE AUDITOR-GENERAL TO THE EASTERN CAPE PROVINCIAL LEGISLATURE AND THE COUNCIL ON THE UMZIMVUBU LOCAL MUNICIPALITY REPORT ON THE FINANCIAL STATEMENTS

Introduction

1. I have audited the accompanying financial statements of the Umzimvubu Local Municipality, which comprise the statement of financial position as at 30 June 2011, and the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information as set out on pages XX to XX

Accounting officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with South African Standards of Generally Recognised Accounting Practice (GRAP) and the requirements of the Municipal Finance Management Act of South Africa, 2003 (Act No. 56 of 2003) (MFMA), and the Division of Revenue Act of South Africa, 2010 (Act No.1 of 2010 as amended) (DoRA), as well as for such internal control as management determines necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor-general's responsibility

3. As required by section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996) and section 4 of the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA), my responsibility is to express an opinion on these financial statements based on my audit.
4. I conducted my audit in accordance with International Standards on Auditing and *General notice 1111 of 2010* issued in *Government Gazette 33872 of 15 December 2010*. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence for the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
6. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

7. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Umzimvubu Local Municipality as at 30 June 2011, and its financial performance and cash flows for the year then ended in accordance with GRAP and the requirements of the MFMA and DoRA.

Emphasis of matters

8. I draw attention to the matters below. My opinion is not modified in respect of these matters:

Significant uncertainties

9. With reference to note 40 to the financial statements, contingent liabilities of R27 790 500 are disclosed as the municipality is the defendant in ongoing court proceedings. The ultimate outcome of the matters disclosed cannot presently be determined, and no provision for any liability that may result has been made in the financial statements.

Restatement of comparative figures

10. As disclosed in note 29 to the financial statements, the comparative figures for 30 June 2010 have been restated. The restatement resulted from errors that have been discovered during the financial year ended 30 June 2011 in the financial statements of the municipality at, and for the year ended, 30 June 2010.

Unauthorised Expenditure

11. The municipality incurred unauthorised expenditure of R 33 463 126 as a result of exceeding the total amount of the VOTE, as disclosed in note 32 of the annual financial statements.

Material Impairments

12. In note 3 of annual financial statements the municipality has disclosed an impairment loss amounting to R5 727 567 (2010: R 3 626 829). The impairment results from debtor balances which are not recoverable as at 30 June 2011.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

13. In accordance with the PAA and in terms of *General notice 1111 of 2010*, issued in *Government Gazette 33872 of 15 December 2010*, I include below my findings on the annual performance report as set out on pages ... to ... and material non-compliance with laws and regulations applicable to the municipality.

PREDETERMINED OBJECTIVES

Presentation of information

14. The following criterion is relevant to the finding below:

- Performance against predetermined objectives is reported using the National Treasury guidelines.

Audit finding

15. **Strategic objectives were not recorded on the annual performance report**

- The annual performance report submitted for audit purposes did not reflect any strategic objectives as required by the National Treasury guidelines.

Usefulness of information

16. The following criteria are relevant to the findings below:

- Consistency: Objectives, indicators and targets are consistent between planning and reporting documents.

- Relevance: A clear and logical link exists between the objectives, outcomes, outputs, indicators and performance targets.
- Measurability: Indicators are well defined and/or verifiable, and targets are specific, and/or measurable and/or time bound.

Audit findings

17. **Reported objectives and indicators are not complete when compared with the planned objectives and indicators**

The indicators relating to the budget and treasury programme, citizens and community services programme and infrastructure and planning programme were not completely reported on the annual performance report.

- For budget and treasury, 21% of indicators were not reported.
- For citizens and community services, 63% of indicators were not reported.
- For infrastructure and planning, 93% of indicators were not reported.

18. **Annual performance report not complete**

- Twenty-six per cent of the planned and reported targets for programme 6: Department of Citizens and Community were not reported on in the annual performance report.

COMPLIANCE WITH LAWS AND REGULATIONS

19. Included below are findings on material non-compliance with laws and regulations applicable to the municipality.

Strategic planning and performance management

20. The accounting officer of the municipality did not, by 25 January, assess the performance of the municipality during the first half of the financial year, taking into account the municipality's service delivery performance during the first half of the financial year and the service delivery targets and performance indicators set in the service delivery and budget implementation plan, as required by section 72(1) (a)(ii) of the MFMA.

Annual financial statements, performance and annual report

21. The financial statements submitted for auditing were not prepared, in all material respects, in accordance with the requirements of section 122 of the MFMA. Material misstatements of capital assets, current assets and disclosure items identified by the auditors were subsequently corrected, resulting in the financial statements receiving an unqualified audit opinion.

Internal audit

22. Internal audit did not report to the audit committee on matters relating to compliance with the MFMA, DoRA and other applicable legislation as required by section 165(2)(b) of the MFMA.

Procurement and contract management

23. The contract performance measures and methods whereby they are monitored were insufficient to ensure effective contract management, as per the requirements of section 116(2)(c) of the MFMA.

24. Awards were made to providers who are persons in service of the municipality, in contravention of SCM regulation 44. Furthermore, the providers failed to declare that he/she was in the service of the municipality, as required by SCM regulation 13(c).
25. Awards were made to providers who are persons in service of other state institutions, in contravention of the requirements of SCM regulation 44. Furthermore, the provider failed to declare that he/she is in the service of the state, as required by SCM regulation 13(c).
26. Persons in service of the municipality who had a private or business interest in contracts awarded by the municipality failed to disclose such interest, as required by SCM regulation 46(2)(e).

Expenditure management

27. The accounting officer did not take reasonable steps to prevent unauthorised and irregular expenditure, as required by section 62(1)(d) of the MFMA.

Revenue management

28. Interest was not charged on all arrears accounts, as required by section 64(2)(g) of the MFMA.
29. Revenue received by the municipality was not always reconciled at least on a weekly basis, as required by section 64(2)(h) of the MFMA.
30. A credit control and debt collection policy was not implemented, as required by section 96(b) of the MSA.
31. The accounting officer did not take all reasonable steps to ensure that the municipality had and maintained a management, accounting and information system which accounted for debtors, as required by section 64(2)(e) of the MFMA.

Asset management

32. The accounting officer did not take all reasonable steps to ensure that the municipality had and maintained a management, accounting and information system which accounts for the assets of the municipality, as required by section 63(2)(a) of the MFMA.
33. The accounting officer did not take all reasonable steps to ensure that the municipality had and maintained an effective system of internal control for assets (including an asset register), as required by section 63(2)(c) of the MFMA.

INTERNAL CONTROL

34. In accordance with the PAA and in terms of *General notice 1111 of 2010*, issued in *Government Gazette 33872 of 15 December 2010*, I considered internal control relevant to my audit, but not for the purpose of expressing an opinion on the effectiveness of internal control. The matters reported below are limited to the significant deficiencies that resulted in the material audit adjustments, the findings on the annual performance report and the findings on compliance with laws and regulations included in this report.

Leadership

35. The accounting officer did not exercise oversight responsibilities regarding the financial-related controls, as evidenced by material misstatements in the transactions, balances, and disclosure line items that were identified during the audit process, that were subsequently adjusted by management. The accounting officer also did not have adequate monitoring controls to ensure adherence to the internal policies and procedures on performance reporting, resulting in significant control deficiencies identified during the audit process in the reporting and presentation of predetermined objectives.
36. Furthermore, the accounting officer's exercise of oversight over adherence to the SCM regulations was not effective, evidenced by non-adherence to SCM regulations identified during the audit process that resulted in irregular expenditure.

Financial and performance management

37. The financial statements and report on predetermined objectives that were submitted for audit purposes contained misstatements and errors. This was mainly due to municipality staff not performing and implementing daily financial reporting controls throughout the financial year, including the daily processing of transactions, monthly reconciliations of accounting records, preparing monthly financial statements and service delivery reports. The monitoring of controls was not adequate to ensure that all transactions were accounted for accurately and completely.
38. Policies and procedures that will ensure that all transactions are accounted for, in terms of GRAP requirements, were not developed and communicated to staff members. As a result, there were material misstatements and errors not accounted for, in terms of GRAP, that were identified during the audit process.
39. Furthermore, established internal control practices were not effective as they did not detect or prevent non-compliance with laws and regulations that was identified during the audit process, resulting in the municipality incurring irregular expenditure.

Governance

40. The municipality has an audit committee that promotes accountability and service delivery through evaluating and monitoring responses to risks and providing oversight over the effectiveness of the internal control environment, including financial and performance reporting and compliance with laws and regulations, and that has performed its work with due care and as per requirements of the MFMA. Furthermore, they have discharged their responsibilities as required by the MFMA.

41. However, audit committee interventions or mechanisms used were not appropriate and sufficient as they could not prevent and detect significant control deficiencies in the municipal internal control system, as evidenced by material misstatements that were identified during the audit process and subsequently corrected by management, weaknesses identified in reporting of predetermined objectives and non-compliance with SCM regulations. Furthermore, internal audit did not adequately monitor the implementation of its recommendations by management.

MANAGEMENT REPORT TO THE ACCOUNTING OFFICER ON THE AUDIT OF THE UMZIMVUBU LOCAL MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2011

INTRODUCTION

1. This management report includes audit findings arising from the audit of the financial statements, reporting on predetermined objectives and compliance with laws and regulations for the year ended 30 June 2011 which were communicated to management and includes their response to these findings. The report also includes information on the internal control deficiencies that were identified. Addressing these deficiencies will assist in ensuring an improvement in the audit outcomes.
2. The management report consists of executive summary and detailed audit findings which are contained in annexure A, B and C.

THE AUDITOR-GENERAL'S RESPONSIBILITIES

3. As required by section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996) and section 4 of the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA), our responsibility is to express an opinion on the financial statements and to report on findings relating to our audit of the report on predetermined objectives and compliance with material matters in laws and regulations applicable to the entity. Our engagement letter sets out our responsibilities in detail. These include the following:
 - Performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements, the report on predetermined objectives and compliance with laws and regulations applicable to the entity. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the financial statements, the report on predetermined objectives and material non-compliance with laws and regulations.
 - Considering internal controls relevant to the entity's preparation and fair presentation of the financial statements, the report on predetermined objectives and compliance with laws and regulations.
 - Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management.
 - Evaluating the appropriateness of systems and processes that ensure the accuracy and completeness of the financial statements, the report on predetermined objectives and compliance with laws and regulations.
4. Because of the test nature and other inherent limitations of an audit, we do not guarantee the completeness and accuracy of the financial statements or the report on predetermined objectives or compliance with all applicable laws and regulations.
5. Having formed an opinion on the financial statements, we may include additional communication in the auditor's report that does not have an effect on the auditor's opinion. These may include:
 - an emphasis of matter paragraph to draw users' attention to a matter presented or disclosed in the financial statements which is of such importance that it is fundamental to their understanding of the financial statements.
 - an additional matter paragraph to draw users' attention to any matter, other than those presented or disclosed in the financial statements, that is relevant to users' understanding of the audit, the auditor's responsibilities or the auditor's report.

THE ACCOUNTING OFFICER'S RESPONSIBILITIES

6. The accounting officer's responsibilities are set out in detail in the engagement letter. These include the following:
- The preparation and fair presentation of the financial statements in accordance with the Standards of Generally Recognised Accounting Practice (GRAP).
 - Planning, monitoring of and reporting on performance against predetermined objectives.
 - Review and monitoring of compliance with laws and regulations and disclosing known instances of non-compliance or suspected non-compliance with laws and regulations.
 - Designing, implementing and maintaining proper record keeping and internal controls necessary to enable the preparation of financial statements and the report on predetermined objectives that are free from material misstatement whether due to fraud or error, and compliance with laws and regulations.
 - Designing and implementing formal controls over IT systems to ensure the reliability of the systems and the availability, accuracy and protection of information.
 - Implementing appropriate risk management activities to ensure that regular risk assessments are conducted.
 - Disclosing all matters concerning any risk, allegation or instance of fraud.
 - Accounting for and disclosing related-party relationships and transactions.
 - Providing access to all information that is relevant to the preparation of the financial statements and performance information, such as records and documents.

EXECUTIVE SUMMARY**SECTION 1: Meetings with oversight bodies and those charged with governance**

7. During the audit cycle we met with key stakeholders to communicate matters relating to the audit outcomes of the municipality and emerging risks. Insight was provided on the key controls that impact these audit outcomes to enable corrective action to be taken.
8. Meetings were conducted as follows:
- Executive Council
 - ✓ 31 January 2011
 - ✓ 30 September 2011
 - Executive authority
 - ✓ 31 January 2011
 - ✓ 09 August 2011
 - ✓ 09 September 2011
 - ✓ 30 September 2011
 - ✓ 14 November 2011
 - Accounting Officer
 - ✓ 02 August 2011
 - ✓ 23 August 2011
 - ✓ 09 September 2011
 - ✓ 19 September 2011
 - ✓ 13 October 2011
 - ✓ 27 October 2011

- ✓ 14 November 2011

Audit Committee

- ✓ 25 February 2011
- ✓ 05 May 2011
- ✓ 10 June 2011
- ✓ 19 August 2011
- ✓ 14 November 2011

9. At these meetings commitments were made to address improvements in the internal control environment with the objective of achieving clean administration. Progress made on these commitments is discussed later in this report.

SECTION 2: MATTERS RELATING TO THE AUDITOR'S REPORT

PART A – MISSTATEMENTS IN THE FINANCIAL STATEMENTS

10. Material misstatements in the financial statements were identified during the audit. These misstatements were not prevented or detected by the municipality's system of internal control. These material misstatements also constitute non-compliance with the laws and regulations applicable to municipalities. The misstatements identified during the audit were subsequently corrected.

Material misstatements		Impact	Internal control deficiency
Financial statement item	Finding (brief description of misstatements as per findings and audit report)

PART B – MATTERS TO BE BROUGHT TO THE ATTENTION OF THE USERS

EMPHASIS OF MATTER PARAGRAPHS

An emphasis of matter paragraph will be included in our auditor's report to highlight the following matters to the users of the financial statements:

Significant uncertainties

11. With reference to note 40 to the financial statements, contingent liabilities of R27 790 500 are disclosed as the municipality is the defendant in ongoing court proceedings. The ultimate outcome of the matters disclosed cannot presently be determined, and no provision for any liability that may result has been made in the financial statements.

Restatement of comparative figures

12. As disclosed in note 29 to the financial statements, the comparative figures for 30 June 2010 have been restated. The restatement resulted from errors that have been discovered during the financial year ended 30 June 2011 in the financial statements of the municipality at, and for the year ended, 30 June 2010.

Unauthorised Expenditure

13. The municipality incurred unauthorised expenditure of R 33 463 126 as a result of exceeding the total amount of the VOTE, as disclosed in note 32 of the annual financial statements.

Material Impairments

14. In note 3 of annual financial statements the municipality has disclosed an impairment loss amounting to R5 727 567 (2010: R 3 626 829). The impairment results from debtor balances which are not recoverable as at 30 June 2011.

ADDITIONAL MATTER PARAGRAPHS

An additional matter paragraph will be included in our auditor's report to highlight the following matters to the users of the financial statements:

Unaudited supplementary schedules

15. The supplementary information set out on pages XXX to XXX does not form part of the financial statements and is presented as additional information. We have not audited these schedule(s) and, accordingly, we do not express an opinion thereon.

PART C – REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

FINDINGS ON THE REPORT ON PREDETERMINED OBJECTIVES

Included below are the findings raised during our audit of the report on predetermined objectives.

Presentation of information

16. The following criterion is relevant to the finding below:

- Performance against predetermined objectives is reported using the National Treasury guidelines.

Audit finding

17. **Strategic objectives were not recorded on the annual performance report**

- The annual performance report submitted for audit purposes did not reflect any strategic objectives as required by the National Treasury guidelines.

Usefulness of information

18. The following criteria are relevant to the findings below:

- Consistency: Objectives, indicators and targets are consistent between planning and reporting documents.
- Relevance: A clear and logical link exists between the objectives, outcomes, outputs, indicators and performance targets.
- Measurability: Indicators are well defined and/or verifiable, and targets are specific, and/or measurable and/or time bound.

Audit findings

19. **Reported objectives and indicators are not complete when compared with the planned objectives and indicators**

The indicators relating to the budget and treasury programme, citizens and community services programme and infrastructure and planning programme were not completely reported on the annual performance report.

- For budget and treasury, 21% of indicators were not reported.
- For citizens and community services, 63% of indicators were not reported.
- For infrastructure and planning, 93% of indicators were not reported.

20. **Annual performance report not complete**

- Twenty-six per cent of the planned and reported targets for programme 6: Department of Citizens and Community were not reported on in the annual performance report.

FINDINGS ON COMPLIANCE WITH LAWS AND REGULATIONS

21. Included below are findings on material non-compliance with laws and regulations applicable to the municipality.

Strategic planning and performance management

22. The accounting officer of the municipality did not, by 25 January, assess the performance of the municipality during the first half of the financial year, taking into account the municipality's service delivery performance during the first half of the financial year and the service delivery targets and performance indicators set in the service delivery and budget implementation plan, as required by section 72(1) (a)(ii) of the MFMA.

Annual financial statements, performance and annual report

23. The financial statements submitted for auditing were not prepared, in all material respects, in accordance with the requirements of section 122 of the MFMA. Material misstatements of capital assets, current assets and disclosure items identified by the auditors were subsequently corrected, resulting in the financial statements receiving an unqualified audit opinion.

Internal audit

24. Internal audit did not report to the audit committee on matters relating to compliance with the MFMA, DoRA and other applicable legislation as required by section 165(2)(b) of the MFMA.

Procurement and contract management

25. The contract performance measures and methods whereby they are monitored were insufficient to ensure effective contract management, as per the requirements of section 116(2)(c) of the MFMA.
26. Awards were made to providers who are persons in service of the municipality, in contravention of SCM regulation 44. Furthermore, the providers failed to declare that he/she was in the service of the municipality, as required by SCM regulation 13(c).
27. Awards were made to providers who are persons in service of other state institutions, in contravention of the requirements of SCM regulation 44. Furthermore, the provider failed to declare that he/she is in the service of the state, as required by SCM regulation 13(c).
28. Persons in service of the municipality who had a private or business interest in contracts awarded by the municipality failed to disclose such interest, as required by SCM regulation 46(2)(e).

Expenditure management

29. The accounting officer did not take reasonable steps to prevent unauthorised and irregular expenditure, as required by section 62(1)(d) of the MFMA.

Revenue management

30. Interest was not charged on all arrears accounts, as required by section 64(2)(g) of the MFMA.
31. Revenue received by the municipality was not always reconciled at least on a weekly basis, as required by section 64(2)(h) of the MFMA.
32. A credit control and debt collection policy was not implemented, as required by section 96(b) of the MSA.
33. The accounting officer did not take all reasonable steps to ensure that the municipality had and maintained a management, accounting and information system which accounted for debtors, as required by section 64(2)(e) of the MFMA.

Asset management

34. The accounting officer did not take all reasonable steps to ensure that the municipality had and maintained a management, accounting and information system which accounts for the assets of the municipality, as required by section 63(2)(a) of the MFMA.
35. The accounting officer did not take all reasonable steps to ensure that the municipality had and maintained an effective system of internal control for assets (including an asset register), as required by section 63(2)(c) of the MFMA.

INTERNAL CONTROL

Achievement of internal control objectives

36. Significant deficiencies that resulted in the basis for the [qualified/adverse/disclaimed] opinion, findings on the report on predetermined objectives and findings on compliance with laws and regulations are summarised below. Detailed information on significant internal control deficiencies is provided in section 5 of this report.

Leadership

37. The accounting officer did not exercise oversight responsibilities regarding the financial-related controls, as evidenced by material misstatements in the transactions, balances, and disclosure line items that were identified during the audit process, that were subsequently adjusted by management. The accounting officer also did not have adequate monitoring controls to ensure adherence to the internal policies and procedures on performance reporting, resulting in significant control deficiencies identified during the audit process in the reporting and presentation of predetermined objectives.
38. Furthermore, the accounting officer's exercise of oversight over adherence to the SCM regulations was not effective, evidenced by non-adherence to SCM regulations identified during the audit process that resulted in irregular expenditure.

Financial and performance management

39. The financial statements and report on predetermined objectives that were submitted for audit purposes contained misstatements and errors. This was mainly due to municipality staff not performing and implementing daily financial reporting controls throughout the financial year, including the daily processing of transactions, monthly reconciliations of accounting records, preparing monthly financial statements and service delivery reports. The monitoring of controls was not adequate to ensure that all transactions were accounted for accurately and completely.
40. Policies and procedures that will ensure that all transactions are accounted for, in terms of GRAP requirements, were not developed and communicated to staff members. As a result, there were material misstatements and errors not accounted for, in terms of GRAP, that were identified during the audit process.

41. Furthermore, established internal control practices were not effective as they did not detect or prevent non-compliance with laws and regulations that was identified during the audit process, resulting in the municipality incurring irregular expenditure.

Governance

42. The municipality has an audit committee that promotes accountability and service delivery through evaluating and monitoring responses to risks and providing oversight over the effectiveness of the internal control environment, including financial and performance reporting and compliance with laws and regulations, and that has performed its work with due care and as per requirements of the MFMA. Furthermore, they have discharged their responsibilities as required by the MFMA.
43. However, audit committee interventions or mechanisms used were not appropriate and sufficient as they could not prevent and detect significant control deficiencies in the municipal internal control system, as evidenced by material misstatements that were identified during the audit process and subsequently corrected by management, weaknesses identified in reporting of predetermined objectives and non-compliance with SCM regulations. Furthermore, internal audit did not adequately monitor the implementation of its recommendations by management.

SECTION 3: SPECIFIC FOCUS AREAS

PART A – SIGNIFICANT FINDINGS FROM THE AUDIT OF PROCUREMENT AND CONTRACT MANAGEMENT

Irregular Expenditure

44. The R24 385 204 irregular expenditure was incurred in the period as a result of the contravention of Supply Chain Management Regulation and was identified during the audit process.

Non Compliance with Regulation (R22 821 414)

- Tenders amounting to more than R10 million or a 5 year period was not advertised for 30 days as required.
- Fleet Africa -(R804 743)
 - a. As a winning bidder Fleet Africa amongst other winning bidder included above did not submit their financial statements as required by the act.

Awards to persons in the service of the state (R759 047).

- It was discovered that 27 suppliers who did business with the municipality were noted to be on the service of the state and these were not disclosed in the interest records by the suppliers

SECTION 4: SIGNIFICANT DEFICIENCIES IN INTERNAL CONTROL**PART A – ASSESSMENT OF THE ACHIEVEMENT OF CONTROL OBJECTIVES**

45. The achievement of the objectives of internal control is demonstrated by the implementation of key controls. The assessment below is based on significant deficiencies relating to the fair presentation of the financial statements, material misstatements corrected as a result of the audit, findings on predetermined objectives and findings on non-compliance with laws and regulations. Significant deficiencies occur when internal controls either do not exist or are not appropriately designed to address the risk or are not implemented and which either had or could cause the financial statements or report on predetermined objectives to be materially misstated and material non-compliance with laws and regulations to occur. When a significant deficiency is not applicable, it is assessed with a 😊, 😐 to indicate that the deficiency still exists but significant progress had been made to address it, while 😡 indicates that urgent attention to the matter is required. Part B gives additional information on the deficiencies that should be addressed. Other deficiencies in internal control, which require the attention of management, are included in the detailed findings attached to this report.

3 Audit dimensions Fundamentals of internal control	Financial	Performance objectives	Compliance with laws and regulations
	Assessment		
Leadership			
• Provide effective leadership based on a culture of honesty, ethical business practices and good governance, protecting and enhancing the best interests of the entity	☹	☹	☹
• Exercise oversight responsibility regarding financial and performance reporting and compliance and related internal controls	☹	☹	☹

• Ensure that the audit committee promotes accountability and service delivery through evaluating and monitoring responses to risks and providing oversight over the effectiveness of the internal control environment including financial and performance reporting and compliance with laws and regulations	☹	☹	☹

PART B – DETAILS CONCERNING THE ACHIEVEMENT OF INTERNAL CONTROL OBJECTIVES

LEADERSHIP

Oversight responsibility regarding reporting and compliance

46. The municipality's controls are in place relating to oversight responsibilities but are not appropriately designed and were not working throughout the year to ensure that the municipality adheres to the following:
- Compliance with laws and regulations,
 - have reliable accounting system and properly designed internal controls in place to prepare and produce reliable financial information, predetermined objectives report and prevent and/or detect fraudulent activities around supply chain management,
 - achieved their targets, thus resulting to improve service delivery.
47. Although the accounting officer reviewed the financial statement and the reports on predetermined objectives prior to submission for audit, the review was not effective, as the following matters were identified.
- misstatement of the statement of financial performance, statements of financial position, statement of changes in net assets and disclosure notes as result of information per the accounting record not agreeing to supporting documents and non compliance with GAP.
 - We could not test the logical link between IDP, SDSIP and the annual performance report as it was not clear i.e., there were no objectives indicated as required by the National Treasury Guidelines.

Effective human resource management

48. There are no adequate and sufficient skilled resources in place at units that are responsible for implementing daily controls and accounting record. This was evident by the number of errors identified in the financial statement as well as lack prompt assistance when requesting explanation on figures disclosed in the financial statement.

Implementation of policies and procedures

49. The internal policies and procedures of the Umzimvubu municipality did not adequately address the processes pertaining to the planning, monitoring, managing and reporting of performance information at the overall performance management level and programme level.

Establishment of an IT governance framework

50. IT Service Level Agreement (SLA) between the municipality and vendors are not being periodically monitored to ensure the service being provided is acceptable. In addition, the municipality does not have formal information Technology (IT) strategic plan to give direction to IT functions. There is also no formal IT Project Management Framework which defined the scope and boundaries for managing projects.

The above exception is due to management not being aware of the need to exercise oversight over the IT function.

FINANCIAL AND PERFORMANCE MANAGEMENT

Availability of expected information

51. As indicated in our engagement letter, we agreed that all information requested for purposes of the audit would be submitted within 3 working days of the request by the auditors. Despite this agreement, management did not supply the documentation requested in the following instances:

- All responses relating to queries raised on the financial statement issues were delayed due to the consultant not being on site resulting to delay with the audit process

Formal control over IT systems

52. The municipality has rectified some of the exception reported in the previous Auditor General review. The following is a summary of the findings and their causes per each focus area.

- **Security Management**

There was no evidence availed to show that the IT security policy was formally approved by management. This exception is attributed to the failure by management to effectively exercise its oversight role over the IT function

- **User access Control**

There was no evidence availed to show that the account management policy was approved by management. In addition period in reviews of user on the network, Munsoft and Payday are not being conducted to ensure they remain aligned to job requirements. These exceptions are a result of the failure by management to effectively exercise its oversight role over the IT function.

- **Programme Change Management**

Formal change management policy and adequate documents are not in place and management did not have such controls implemented

- **Facilities and environment control**

There was no evidence to show that the fire suppression and temperature control equipment was being periodically serviced. There exception are a result of the failure by management to the effectively exercise its oversight role over the IT function.

- **Information Technology Service Continuity**

The municipality does not have formally documented IT disaster Recovery Plan (DRP) and a formal backup policy. Backups are not being periodically tested. These exceptions are a result of the failure by management to exercise its oversight role over the IT function.

- **Use of consultants for financial statement preparation**

The entity used consultants to prepare the annual financial statement whilst having skilled employees. The appointment was made in lieu of transition from directive 4 to fully complying with GRAP statement. Even though consultants were used to prepare the financial statements there was no evidence that there was a transfer of skills to the staff at

the municipality as a result some of the queries from the auditors were not timorously attended to. In addition information given to consultants was incorrect resulting to material errors identified during the time of the audit.

Accuracy and completeness of financial statements and report on predetermined objectives

53. Controls that were designed by management were not working effectively, as financial statements contained few material misstatements that have been submitted to management for correctness, this was due to misinterpretation of GRAP and people involved in daily transaction not being aware of how the figures in the financials were formed. Pertinent information is not identified and captured in an appropriate manner to support performance reporting as no evidence obtained to confirm the accuracy of the number of hours spent on achieved targets.

GOVERNANCE

Internal audit

54. Most of the internal audit functions have been outsourced resulting to them not spending enough time in assisting the municipality in achieving tightening the internal controls as required by the law. There are also limitation posed by the fact that internal audit has a three year plan which limits them from concentrating on all matter relevant in one financial year.
55. Although the in house internal audit member is reporting directly to the municipal manager, she is at an assistant manager level therefore posing a risk that she will not get adequate assistance from other managers when information is requested. Furthermore the daily controls weaknesses were not monitored and followed by the in house internal audit to make sure that different sections have been addressed.

PART C – ACTIONS TAKEN TO ADDRESS MATTERS PREVIOUSLY REPORTED

Executive officer/Executive authority/Municipal council

56. The municipality council through Honourable Mayor and Honourable Speaker have committed to provide political leadership over the fiscal and financial affairs of the municipality through making sure that the municipality has stable council, that adheres to the rules and regulations and provide oversight role without interfering with the administration responsibilities of the municipality, thus making sure that the municipality has clean administration that will result to clean audit by 2014. During the audit process the Honourable Mayor and Chairman of Portfolio Committee Finance attended and participated in audit steering committee meetings as evidence of their commitment

Accounting officer

57. The municipal manager have committed in improving effective leadership based on a culture of honesty, ethical business practices and good governance, protecting and enhancing the best interest of the entity, making sure he leads municipality towards clean administration that will result to clean audit by 2014. During the year the municipality manager has monitored and provided guidance on the implantation of action plans to address internal control deficiencies. Furthermore the municipal manager attended and participated all the audit steering committee and audit committee meetings as evidence of his committed towards improving the financial administration of municipality.

Chief financial officer

58. The Chief Financial Officer (CFO) developed and implemented the action plan to address the prior year issues that were reported in the audit report. He developed internal controls to address the prior year issues and made sure they were not recurring. During the audit process then CFO provided auditors within information to avoid the limitation of scope that will result to municipality getting limitation modified report.

Audit Committee

59. Audit committee has committed to assist municipal manager and the council in improving the financial administration of the municipality through oversight role. The audit committee has met more than five time during the current financial year off which is above the normal business practise of four times, through the meetings they have provided critical analysis of the municipality internal controls, assisted the municipality on how to clear the issues raised by the auditors in previous year, and provided recommendations on how to improve financial management of the municipality. Furthermore the audit committee was involved in municipality staff assessment throughout the year performance management.

PART D – EMERGING RISKS**Accounting and compliance matters**

60. As disclosed in the note 1.6 of the financial statements the following GRAP standards are not yet effective;

- GRAP 18 Segment Report
- GRAP 21 Impairment of Non-cash generated Assets
- GRAP 24 Presentation of Budget Information in Financial Statements
- GRAP 25 Employee Benefits
- GRAP 26 Impairment of Cash generating Assets
- GRAP 103 Heritage Assets
- GRAP 104 Financial Instruments

61. Application of all the above GRAP standards will be effective from a date to be announced by the Minister of Finance. This municipality will be required to comply in full with the disclosure requirements of the GRAP standards when the effective date is announced.

62. The Local Government: Municipality System Amendment Bill was signed in to laws at the start of the 2011/2012 financial year. The municipality should implement appropriate systems and internal controls in place to move towards full compliance with the bill.

SECTION 5: RATINGS OF DETAILED AUDIT FINDINGS

63. For the purposes of this report, the detailed audit findings included in annexures B to C have been classified as follows:

- Other important matters – These matters should be addressed to achieve clean administration.

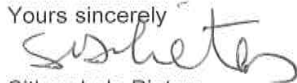

- Administrative matters – These matters are unlikely to affect the decisions of the users of the financial statements or performance information and should be addressed at the discretion of the entity.

SECTION 6: CONCLUSION

64. The matters communicated throughout this report relate to the three fundamentals of internal control which should be addressed to achieve sustained clean administration. The AGSA staff remain committed to assisting in the process of identifying and communicating good practices to improve governance and accountability, so as to build public confidence in government's ability to account for public resources in a transparent manner.

Yours sincerely

Sithembele Pieters

4.8 Situation of arrears in property rates and service charges

5. GOOD GOVERNANCE AND PUBLIC PARTICIPATION

5.1 Overview of the Executive and Council functions and achievements

Umzimvubu Municipality functions under the Collective Executive System consisting of nine Executive Committee members with forty seven Councillors. The Council has six portfolio committees each headed by the member of the Executive Committee. These committees were mandated by Council to oversee the functioning of the portfolios through ensuring that regular meetings are held as scheduled and relevant issues that affect service delivery were discussed.

5.2 Public Participation and consultation

The Umzimvubu local Municipality has developed and adopted a communication strategy which have been guided and informed by government policy for the achievement of maximum public participation and improved internal communications. The communication strategy has been developed in response to section 6 (3) B of the Constitution of the Republic of South Africa which stipulates that the municipality must take into account the language usage and the preference of their communities in communication. The Municipality uses the following channels of communications: Schools, Ward committees, Media, Community Meetings, Events, Posters, NGO's, CBO's, Newsletter, FBO's, Traditional Authorities, Exhibition and Information Days, Councillors, Imbizo Outreach, Government Officials, Fora, Word of Mouth, Local Community Radio Station and Information Resource Centre

5.3 Ward committees establishment and functionality

Ward committees were established in line with provincial guidelines. There were inducted and trained as per the provisions of the legislation and funding support has been received from the Department of Local Government.

5.4 Community Development Workers performance monitoring

The Community Development Workers were appointed by the Department of Local Government and only report to the municipality through coordinated meetings. The main challenge is that the number of ward committees is not equated to the number of wards and there are no replacement or filling of existing vacancies.

5.5 Communication Strategy

The municipality adopted the Communication Strategy in October 2009 aimed enabling Both Council and Management, to communicate in an efficient, co-ordinated, integrated and coherent fashion thus building capacity, both human and capital, within the Municipality with a view of ensuring that the municipality's central messages will be well articulated at all spheres of government. Road shows, Izimbizos, radio talk shows and general advertisement on papers is done in line with the plan. Ward committees are utilised as major links between communities and Council.

5.6 Anti-Corruption Strategy

The municipality adopted an Anti-Corruption Strategy however the implementation will commence during 2011/2012 financial year.

5.7 Intergovernmental Relations

The municipality did not develop any new IGR framework during the year under review. The Umzimvubu Local Municipality is in the process of developing a new IGR framework in the year under review. The Umzimvubu Local Municipality however maintained its form of the existing IGR structures especially at District Level which includes District Mayors Forum, Municipal Managers forum, District Communicators Forum, District aids council. The municipality has been having challenges in participation of sector department in its meeting. The municipality took an approach of engaging sector department in form of IGR through IDP structural meeting (e.g. IDP Steering Committee). The municipality has managed to have two collaborative meetings and participated in all IGR meeting and forums under Alfred Nzo District Municipality. However it should be noted though that there are departments which are committed to the process while others are not participating in the IGR structures. This then leads to disintegrated service delivery or undermines integrated development. IGR structures also do form part of processes that review spatial frameworks. Service level agreements are being entered into where services are to be provided collaboratively by different departments

Below is the table illustrating attendance of these committees by Councillors:

Ordinary and Special Council Meetings:

No.	Members of committee	Ordinary Council Meeting			Special Council Meeting

5.8 Legal Matters

The legal unit is currently manned in the office of Labour Relations Section. The following firms were used during the year under review: Mdledle Incorporation, Ntayiya and Associates, Denys Reitz, Mkile Attorneys, Makaula Zilwa Attorneys, Matubatuba Attorneys, Seethal Attorneys

Management of Litigation

(a) Favourable Cases

The table below are the cases dealt with during the year 2010/2011

Citation	Name Of the Firm	Type of the Matter	Brief description of the Matter	Cases of 2 years or below	Beyond 2 years
Makeng and Other vs Umzimvubu Local Municipality	Makaula & Zilwa	Civil Matter	<p>The applicants in this matter are claiming Salaries which they allege were not in consistent with their appointment letters which the Municipality vehemently denies in that they were paid correct salaries.</p> <p>The matter is being defended by Makaula Attorneys and only the heads of arguments are outstanding.</p> <p>Municipal attorneys have been instructed to give legal opinion on further conduct of the matter as it appears that applicants as <i>dominis litis</i> are not pursuing the matter any further.</p>		Yes -2006
1.Mankayiya v Umzimvubu Local Municipality	Mdledle Incorporation	1.Civil Claim	<p>Plaintiff is claiming almost half a million rands. The applicant alleges that she was injured as a result of negligence by Municipality on the basis that the gate that fell and injured her, was not properly mounted.</p> <p>There are excellent prospects of success as the injury was not caused by negligence of the Municipality and the applicant has failed to lodge the claim within the prescribed time limits (Six Month) in that an organ of the state is required in law to be sued within 6 month from the date of the alleged offence. A special plea has thus been raised.</p>		Yes -2006

<p>2. Tumbu vs Umzimvubu Local Municipality</p> <p>3. Ndlobeni vs Umzimvubu Local Municipality</p>		<p>2. Civil Claim</p>	<p>2. The applicant is claiming damages as a result of demolition of his illegal tavern which was constructed in a land which was unlawfully invaded and not zoned for tavern. Moreover the land upon which the tavern was constructed is under land claims.</p> <p>A special plea has also been raised and there are prospects of success. Even if the Municipality were to lose the case the applicant can only be awarded compensation of bricks and construction material</p> <p>The applicant in this matter has failed to prosecute his claim against Municipality according court rules and therefore the matter stands to be dismissed. An application to dismiss the matter has been lodged in the Labour Court.</p> <p>Waiting for the Registrar of Labour Court to enroll the matter.</p>		<p>Yes-2007</p> <p>Yes -2008</p>
<p>Sikisi vs Umzimvubu Local Municipality</p>	<p>Matubatuba Attorneys</p>	<p>1. Civil Matter</p>	<p>Mr. Sikisi is claiming to have been dismissed without affording him opportunity to state his case. The matter is defended as the competence to remove a councillor is vested with MEC and Umzimvubu Municipality has complied with the necessary procedures as he was accordingly removed from office.</p>	<p>Yes 2010</p>	
<p>Sikisi vs Umzimvubu Local Municipality</p>	<p>Ntayiya Attorneys</p>	<p>Civil</p>	<p>This is defamation case against the Municipality wherein the Plaintiff is claiming to have been defamed by the former speaker .The Plaintiffs particulars of claim were not sanctioned by the Municipality and the matter has since been dismissed by the court in favour of the Municipality. Closed</p>	<p>Yes- 2010</p>	

Mbali Developers Umzimvubu Local Municipality	Deneys Reitz	Civil (Delict)	This case involves a claim for damages. Our attorneys upon consulting a senior Counsel advised us that there is no merit in the claim by Plaintiffs and the matter is accordingly defended. The matter will be resolved through arbitration process.	Yes- 2010	
Umzimvubu Local Municipality vs Jerry Khoza	Ntayiya and Company	Eviction Order	Khoza was successfully evicted for having evaded Municipal Land Closed.	Yes -2010	
Zana-Manzi Construction	Mkile Attorneys	Action for moneys owed to plaintiffs	The plaintiffs are claiming moneys for services rendered by the then Umzimvubu Local Municipality. This was before the 2005 re - delamination of boundaries. Liabilities in terms of section 12 notices are transferred to the subsequent Municipality. Therefore the Municipality is defending the matter.	Yes -2010	
Umzimvubu Local Municipality vs Zihle	Seethal Attorneys	Eviction order	Eviction of Mr. Zihle who is occupying the Municipal Land is underway.	Yes -2011	
Nyembezi and four others	Ntayiya and Company	Eviction and Demolition order	Defendants have been served with letters of demolition by the sheriff and the attorneys. Defendants are have not yet filled their answering affidavits .Should they fail to file same within time that was given to them by the court the matter will be accordingly dismissed.	Yes -2011	
Jama vs Umzimvubu Local Municipality	Madlanga Incorporation	Civil Claim	Civil claim for unlawful arrest. Exception has been raised as the Municipality was sued after more than a year.	Yes- 2010	
Umzimvubu vs A Menyo	Ntayiya and Company	Eviction order	This is an eviction order against Mr. Menyo who is illegally occupying Municipal Land. Summons has been served to him.	Yes -2011
