Security impact assessment

Security Impact assessment terms of reference for Mount Ayliff service area

1. Background

The Umzimvubu local municipality is, in view of the nature of its mandate, vision and mission, exposed to security risks, threats and vulnerabilities. These contingencies and vulnerabilities on the premises or offices of the ULM necessitate conducting a security impact assessment for effective and efficient safeguarding of human lives, property, personal belongings, ULM assets and information. Umzimvubu Local Municipality intends to procure services of a suitable qualified service provider for the Security impact Assessment in EmaXhesibeni town. The municipality accordingly invites interested parties to submit bids/proposals in order to be considered for the appointment as service provider.

2. OVERVIEW OF THE WORKS.

The purpose of the project is to identify the internal and external threats that could cause a disruption and further develop a proposed action plan

3. EXTENT OF THE WORKS

The appointed bidder will be required to do security impact assessment and mainly focus on the following topics. This will include amongst other things coming up with mitigating actions on all areas of vulnerability identified.

1. Risk Management
2. Policies
3. Physical security
4. Access control
5. Employee security
6. Material security
7. Information security
8. Emergency Response

4. PROJECT DURATION

The appointed service providers will be required to start immediately after receiving an order and the duration of the project is a maximum of 30 days

4. EVALUATION CRITERIA

5.1. The 80/20 preference points system as prescribed in the Preferential Procurement Policy Framework Act (PPPFA) will be applied to evaluate this bid. The lowest acceptable bid will score 80 points for price and maximum of 20 points will be awarded for attaining the Broad-Based Black Economic Empowerment (B-BBEE) status level of contribution/sworn affidavits and Exempt certificate.

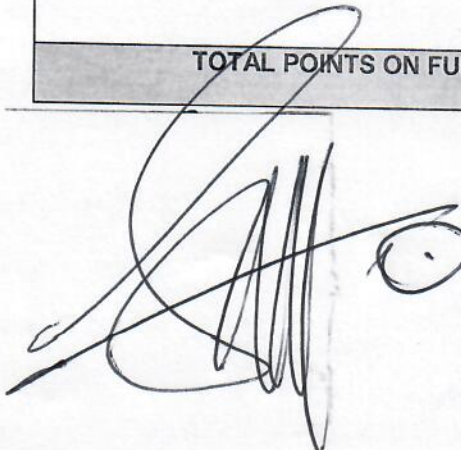

5.2 This bid shall be evaluating in two stages. On first stage bids will be evaluated on functionality, second stage in accordance with 80/20 preference points system as stipulated above.

FIRST STAGE-EVALUATION OF FUNCTIONALITY

Security impact assessment

The evaluation of the functionality will be evaluated individually in accordance with the below functionality criteria and values. **All bids will be subjected to a pre-qualification and will be required to achieve a minimum of 80% in order to be evaluated further.**
