UMZIMVUBU

LOCAL MUNICIPALITY

TERMS OF REFERENCE

PLOUGHING OF MAIZE FIELDS

FOR

UMZIMVUBU MUNICIPALITY (LED DEPARTMENT)

REF ULM/11/07/2016/LED/02

Introduction:

- Umzimvubu Local Municipality LED Department has the 5 areas of performance of which one of them is Agrarian development /reform.
- The aim is to promote Agricultural activities to fight poverty.
- To promote the local economy.
- The scope of the Municipality (LED) mandate is the eradication of poverty, by harnessing resources for community-based projects or initiatives.

Request:

Umzimvubu Local Municipality is therefore requesting the services of a service provider to supply of inputs and conduct tilling, ripping and planting of 15 hectors in 12 wards, for the planting of yellow maize fields.

Therefore; **Umzimvubu Local Municipality** invites prospective bidders to submit:

ALL-INCLUSIVE QUOTATIONS.

To Supply and deliver inputs, to the identified project or wards. To render the following services: ripping, 2 x disking, plant, pre –spray emergence, post – spray emergence, top dressing and weed spraying of 15 hectors of maize fields in 12 wards of Umzimvubu Local Municipality. The quotations for each ward should be submitted separately.

Refer to the table below:

12	25	15	Osborn	15ha Virgin land	Grass (kikuyu) and broad leaf

Total = 180 ha

Scope and Extent of work

1. 1. The Ploughing mechanization will be as follows: (REF ULM/11/07/2016/LED/02):

The successful Service Provider shall be expected to cover amongst other things.

- Ploughing of 15 hectares of yellow maize fields. **(PLEASE QOUTE THE REF NUMBER)**
- Supply, deliver inputs, ripping, 2 x disking, pre- spraying emergence, planting, post- spraying emergence, top dressing (broadcasting), application of fungicides insecticides and pesticides chemicals.
- Executing of 15 hectors within 10 (ten) days.
- Daily written reporting or updates. N.B failure to do this will result in the municipality deducting 10 percent amount of the total, as this is part of the scope of work.
- NB Use of affidavits is strictly prohibited.
- Estimations are as follows, but subjected to laboratory results from soil samples.
- The below table illustrate the supply and deliver of inputs.

No	Items
1	Certified Yellow maize, open pollinated seed. Round –up ready plus seed (Failer to supply will lead to non-payment)
2	2; 3; 4 (38) preferable 4 x 50kg bags per hectare. This is subjected to change due to availability of soil sample results.
3	LAN 4 x 50kg bags per hectare.
4	Pre - spray chemical.
5	Post - spray chemical
6	Stock-bore Agent

Please note that the planting population of 40,000 kernels per hectare is recommended.

NB; A seed bag must reflect from outside the number of kernels that are inside. It is expected that 600000 kernels of seed be used in each 15ha's of land.

The main project output is ploughing of 15 hectors of maize fields in the above mentioned wards.

The seed bed must be prepared in such a way that the planting is done on a flat land. Good quality seed bed must be used and the project will be monitored closely from time to time or on each stage of operation. The service provider is expected to supply and deliver inputs and render the following services rip, disk, plant, pre and post spray emergence, broadcasting, and herbicides, pesticides and fungicides application. The inputs will be supplied, delivered and distributed by Service providers to the respective areas.

Project Management

A Project Manager from the Municipality who is an LED Officer will be responsible for all the monitoring of the quality of supplied inputs. Also to monitor the service provider during the execution of the project.

The affected Ward Councilors will visit the project at any given time without the notice to the service provider on site.

The Project Steering Committee will verify and confirm the delivery and supply of inputs. A Project Steering Committee (PSC) will be chaired by the Ward Councilor and the Project Manager will work closely with the PSC.

Monitoring of the project will be done closely with the Local Agricultural Extension officers, Ward Councilors and Local Authority/ Traditional Leaders.

Project Duration

The time for finishing 15 hectors should not be more than 10 (ten) days for all the operations. The service provider will be expected to maintain the planted crops until the harvesting period and failing to that the penalty will apply on the last payment claim. The project completion certificates will be provided to the service providers for signatures once the project is completed.

Quotation Route Acquired by Supply Chain Management (SCM)

Umzimvubu Local Municipality's procurement, thus Supply Chain Management will acquire quotations from relevant eligible Service Providers to supply inputs. The Service Providers will be expected to furnish the following information or documents.

- Methodology and functionality, (work schedule of activities) stating the exact time frame for starting and finishing which shall be within the allocated time of 14 days, from the date of receiving the order.
- Proof of ownership of the tractor (log book) and of agricultural equipment.
- Founding statement (CK) of the company
- Original and valid Tax Clearance certificate from South African Revenue Services (SARS) MUST be included in the quote or Tax Reference No.
- BBBEE certificate

7. Penalties.

The following penalties will be imposed upon service providers who fail to meet the stipulated requirements (before or after the award has been given).

No	Action	Time Occurrence	Of	Penalty
1.	The tractor ownership document (logbook) must be submitted to prove ownership of the tractor or failure to submit such document an application will not be considered.	During quoting		Non -award
2.	Non reporting	During work		10% penalty of the total quote
3.	Failure to finish on time.	During work		10% penalty of the total quote
4.	Unable to plant properly (non-effective spraying) resulting to poor quality of maize or no yield at all.	During work		50% penalty of the total quote

8. Payment method

The following part payment method will apply when it comes to the payment certificates. Firstly, completion certificate signed by Project Manager, PSC Chairperson, Ward Cllr and LED Manager must be submitted with the payment certificate. Then the payment certificates will be signed by LED Manager, Project Manager, PSC Chairperson and ward Councilor as part of project management.

1. Mechanization payment method
